The highlight of Chapter 1 for us was getting our hands on weapons like the Rocket Launcher and Pump Shotgun. We can't wait to relive more epic memories in future seasons!

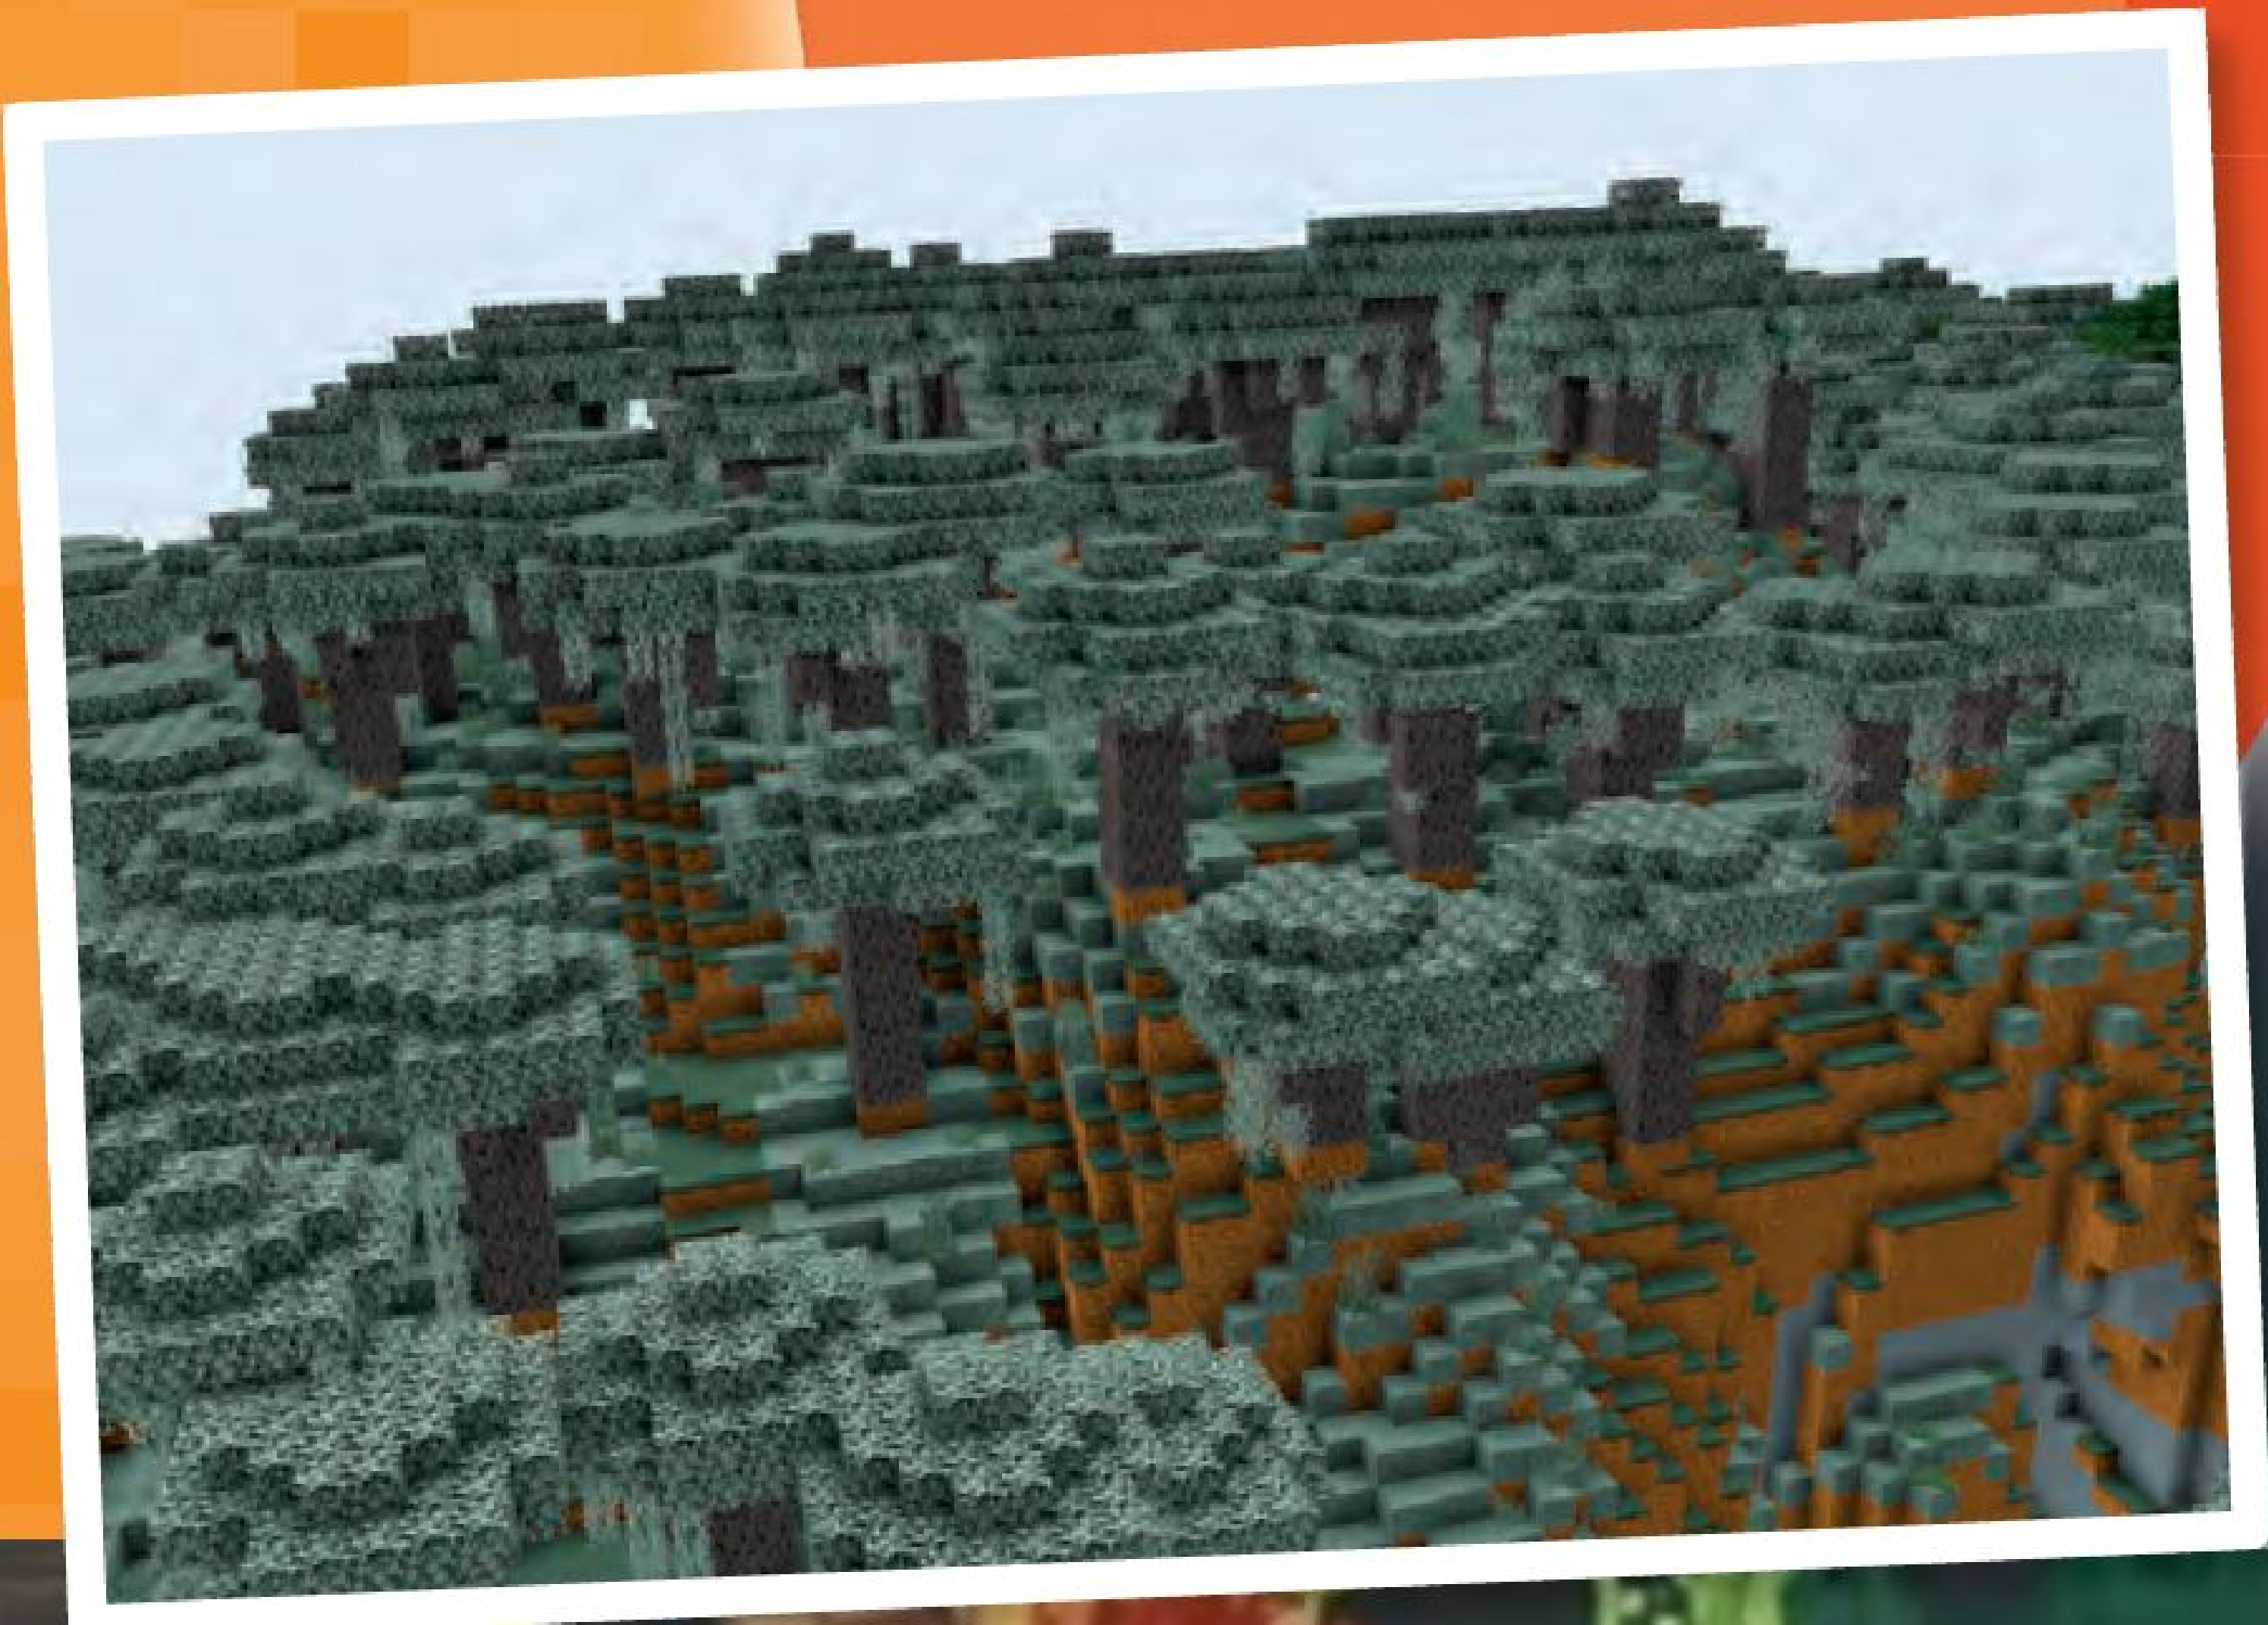
THE LATEST UPDATES YOU MIGHT HAVE MISSED!

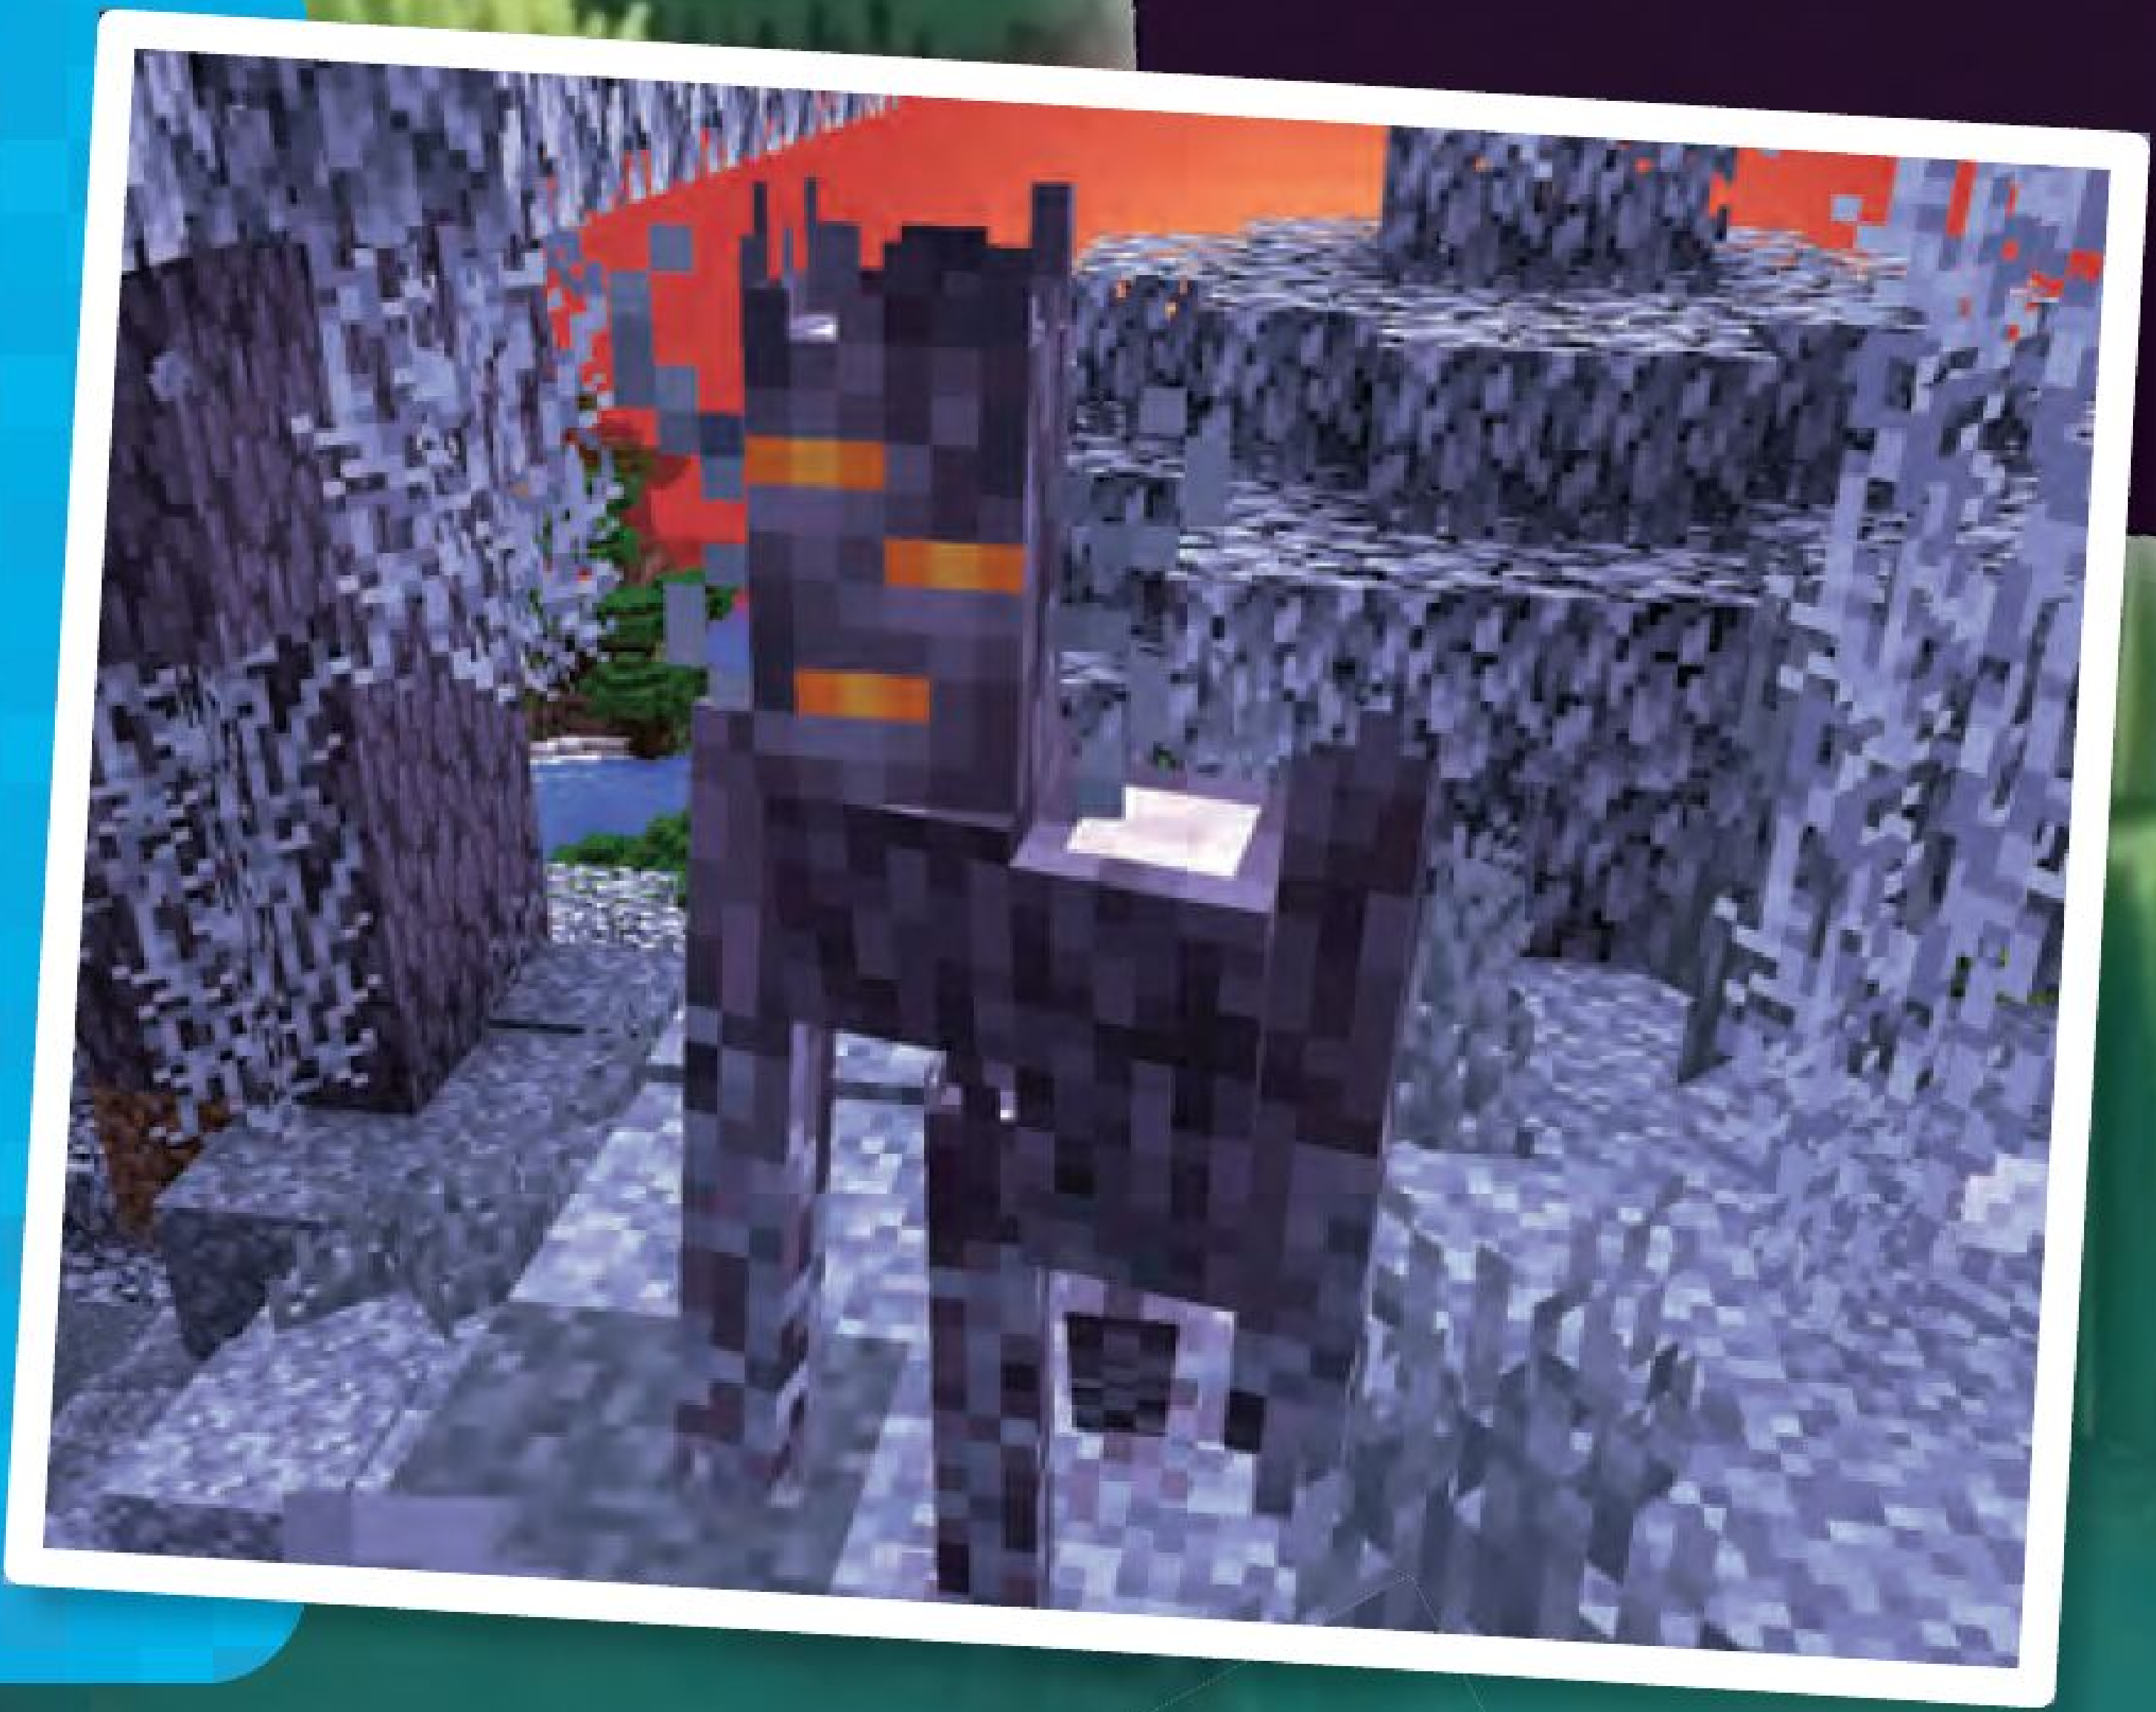
GHOULISH GARDEN!

Welcome to the Pale Garden, Minecraft's latest biome. This spooky garden might seem peaceful during the day, but beware – the garden comes to life at night! Home to new mobs and blocks, the Pale Garden is definitely worth exploring... If you're brave enough, that is!



CREEPY CREAKINGS!

Speaking of new mobs, meet the Creaking! Only coming out at night, this creepy mob freezes whenever you look at it but will chase you if you look away. Unlike other mobs, the Creaking doesn't take any damage from attacks. Instead, you'll have to find a Creaking Heart hiding in a pale oak tree if you want to take this mob down!



RISKY RESIN!

Fancy a new building block? Then you'll want to check out resin – but it won't be easy! Resin is only produced from pale oak trees when there's an angry Creaking nearby, which makes harvesting this new material super-risky. But with its cool orange colour, we reckon it's worth it!

HIYA HARDCORE!

Hardcore Mode, Minecraft's toughest challenge, is finally available for Bedrock Edition players as well as Java! Plus, you can now work together with your mates to survive this menacing mode in Realms too. Do you have what it takes to go the distance in Hardcore Mode?

BRILLIANT BLOSSOMS!

It's not just the Creaking that comes out at night in the Pale Garden – eyeblossoms do too! This brand-new flower is closed during the day, but opens at night, giving off a bright orange glow. These glowing flowers can be a great way to navigate the garden at night, just be careful! While they light-up, eyeblossoms technically aren't a light source so the Creaking will still spawn nearby.

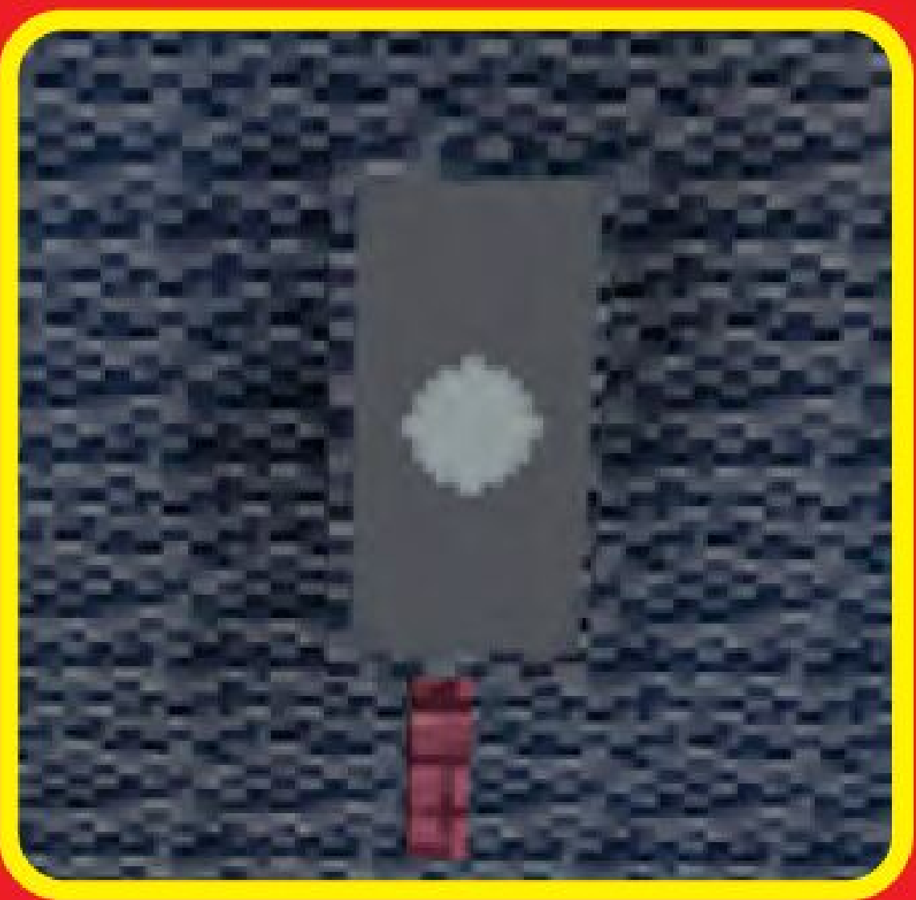
BUILD A MINECRAFT™ MOVIE THEATRE!

AND THE OSCAR FOR COOLEST MINECRAFT MOVIE THEATRE GOES TO... YOU!

SOUNDS GOOD!

- Movies need the sound to be as good as they look, so build some sick speakers for the walls! We used black wool, a fence post and a black banner with a grey dye circle in the middle to get the look.



SCREEN TIME!

- Want to change the movie? No problem – just make your screen a giant window! Then you can build your own creations in the background. But this month, we're getting ready to watch **A Minecraft Movie**, obviously!

PROJECTOR ROOM!

- To make our build realistic, we created a projector room! We decorated it with movie posters, built a computer desk and even used a fence post, dispenser, **Wither** skull and some signs to make the film projector!

POPCORN!

● A trip to the cinema wouldn't be complete without popcorn, so we had to have a snack stand! We used gold helmets and glass to make a popcorn machine and decorated a banner to look like a hot dog – yum!

VIP SEATS!

● Watch your fave film in style from the comfort of these VIP sofas! Place two purpur stairs side by side and add signs to the ends to make arm rests.

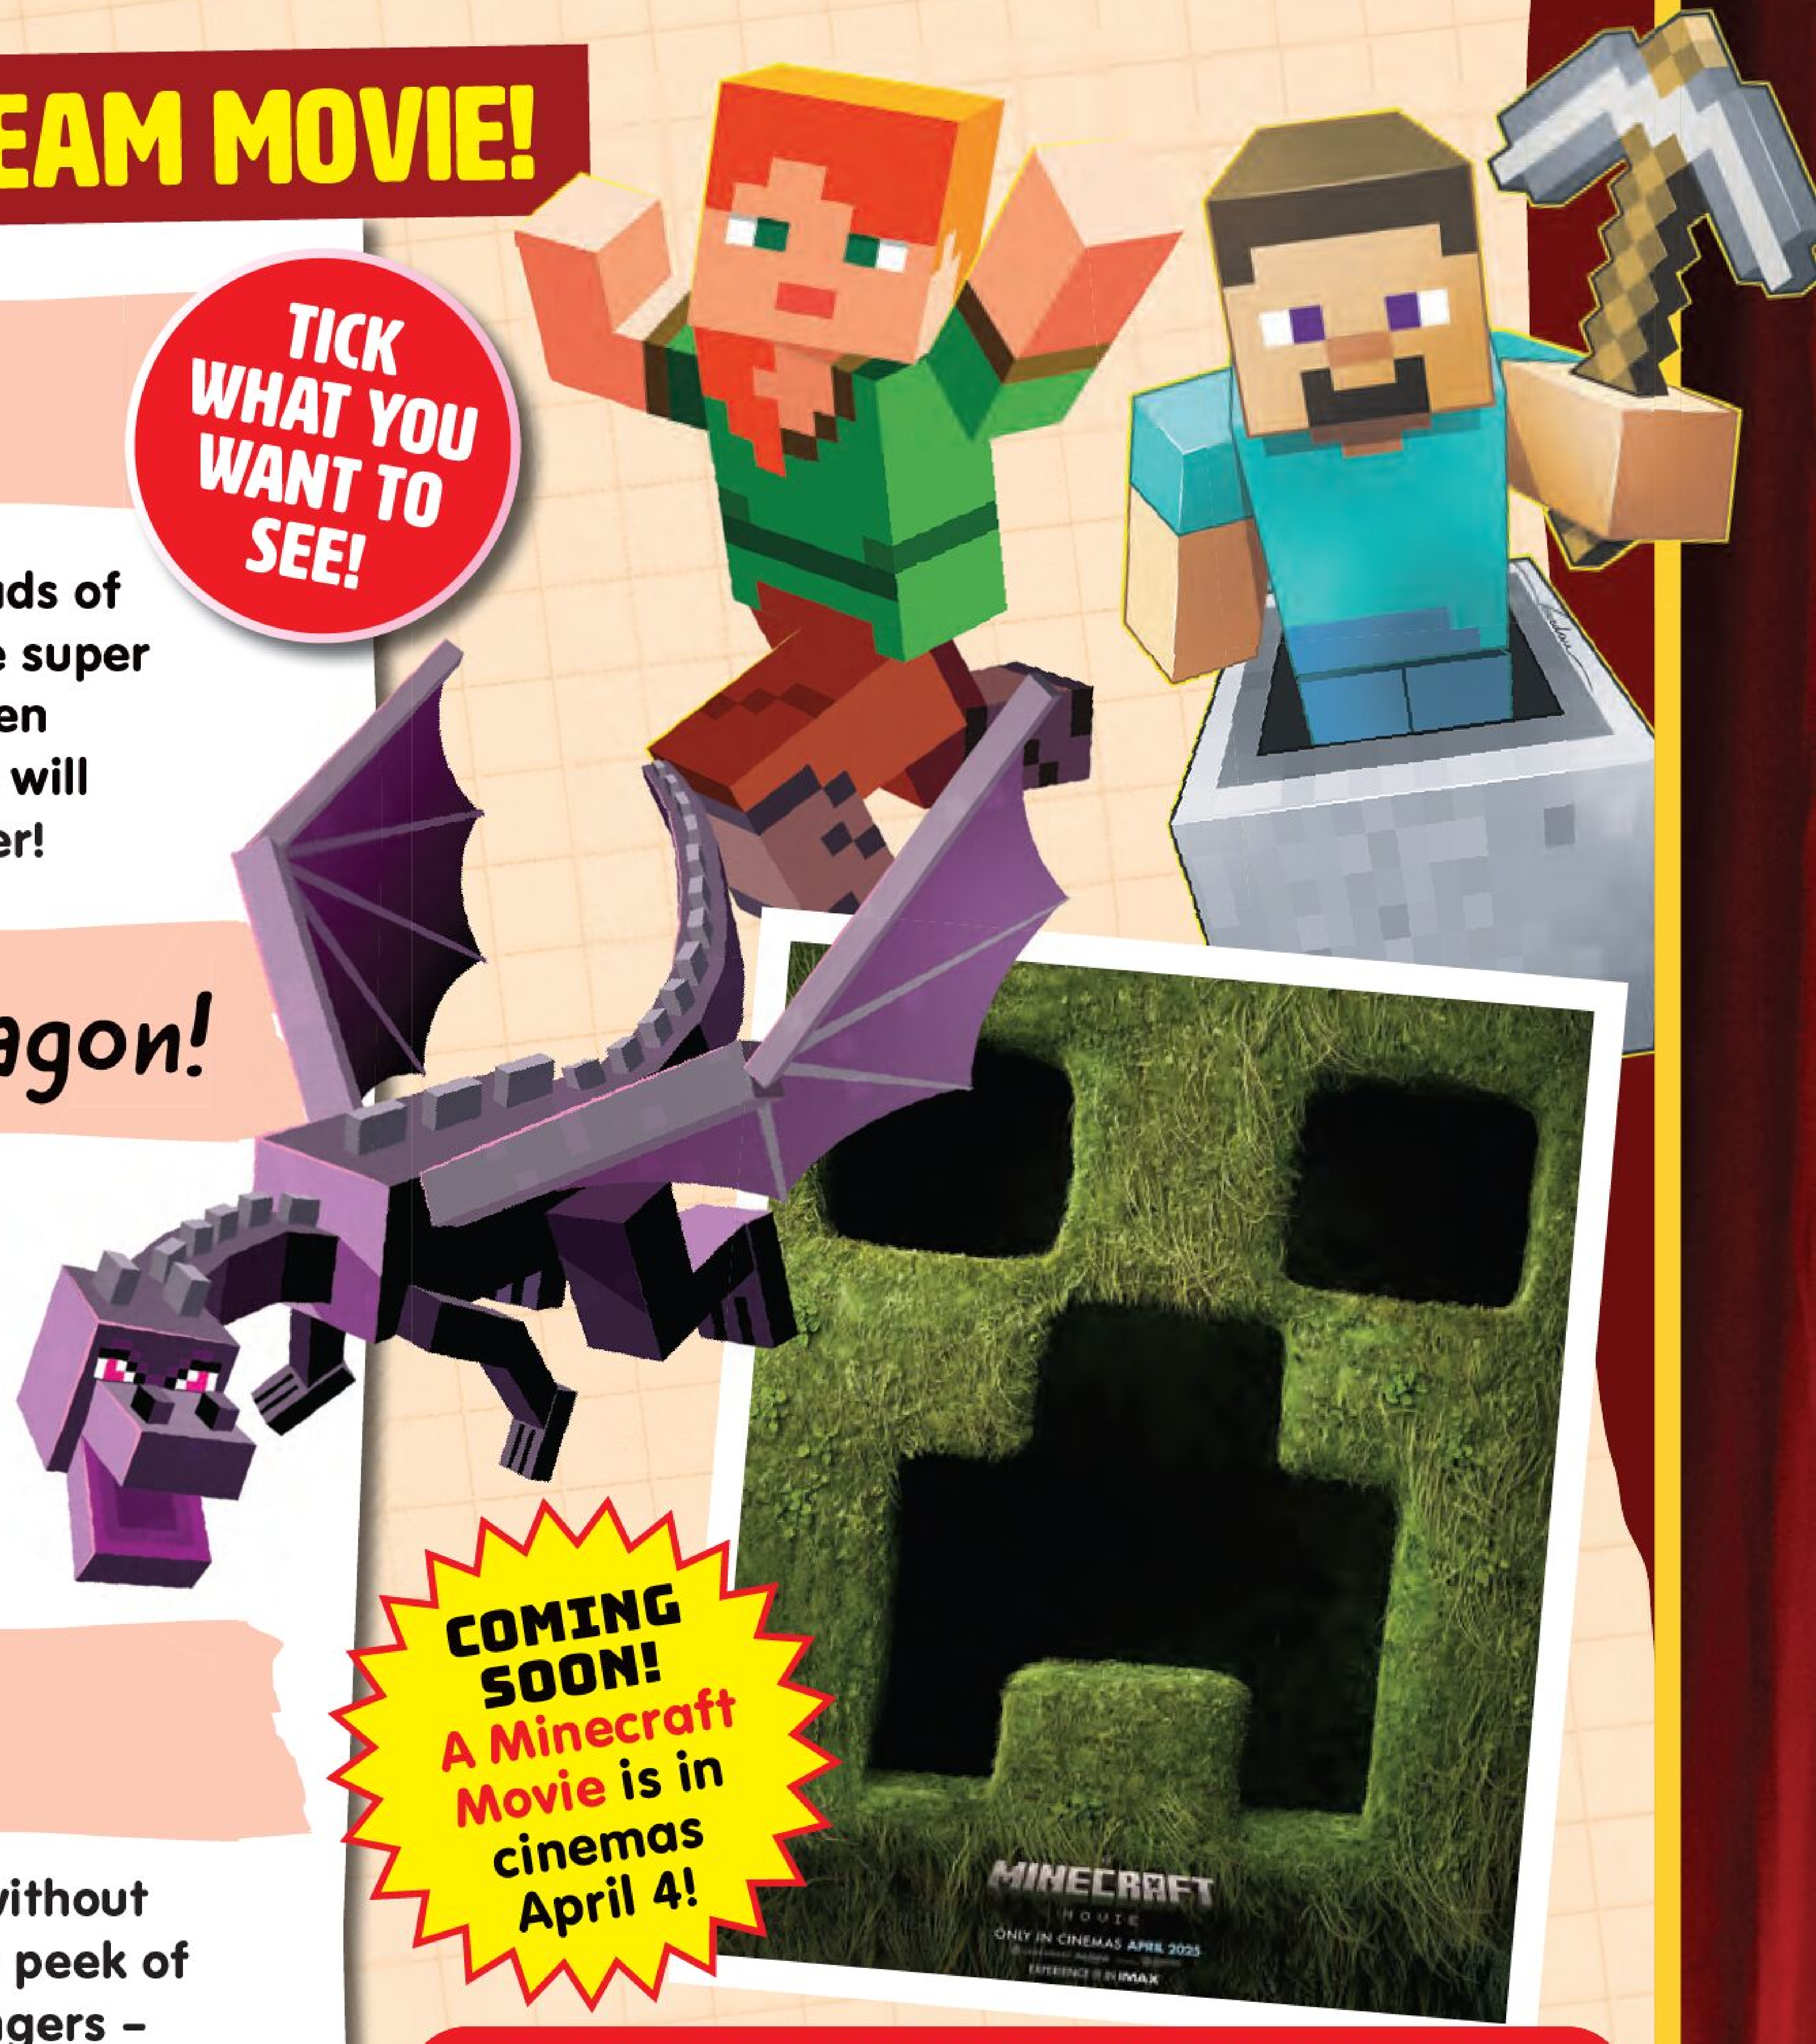
CRAFTING OUR DREAM MOVIE!

TICK WHAT YOU WANT TO SEE!

☐ Epic Builds!

● It wouldn't be **Minecraft** without loads of amazing builds. We'd love to see some super structures come to life on the big screen – just like magic! Hopefully, the movie will show us some of the coolest builds ever!



COMING SOON! A Minecraft Movie is in cinemas April 4!

☐ The Ender Dragon!

● Possibly one of the most iconic mobs in **Minecraft** (sorry **Creepers**!), we'd love to see the **Ender Dragon** make an appearance in the movie. Maybe a big boss battle at the end, just like in the game?! We hope so!

☐ The End!

● You can't battle the **Ender Dragon** without visiting **The End**! We've already seen a peek of **The Nether** in the movie trailers, so fingers – and toes – crossed that we'll also visit **The End**, complete with End Ships and plenty of **Endermen**!

☐ Hello Herobrine!

● No one knows if **Steve's** creepy alter ego, **Herobrine**, is actually real or just a fan-made legend, but either way, it'd be super-cool to see him in the movie! Even if it's just for a few seconds, including **Herobrine** would be an awesome nod to the game's history!

Want a powerful squad of Pokémon? Here's what to do!

LEVEL UP!

YOUR POKÉMON TEAM

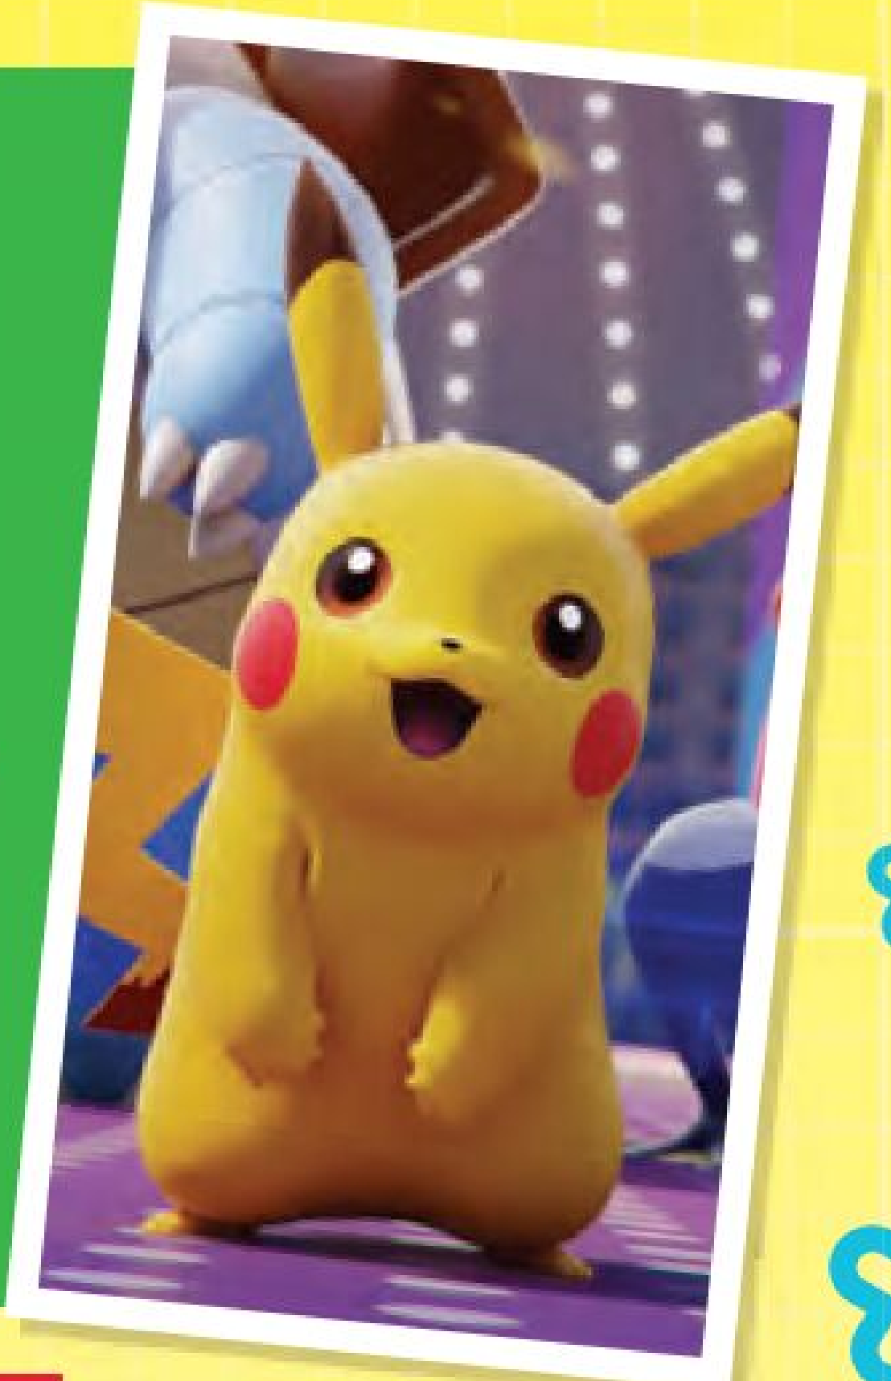
SQUAD GOALS!

KNOW YOUR NATURES

★ If you're taking things really seriously, you need to make sure you get a Pokémon with the right Nature. A Pokémon Nature decreases one stat by 10% and increases another by 10% — so having the right one is enough to be the difference between a win and a loss!

STAB TYPE

★ While everybody knows 'Mon have type advantages and weaknesses, fewer people know that they do extra damage if they use a move that is the same type as they are. It's called a Same Type Attack Bonus, or STAB, and you should take advantage of it!



NEVER STOP EXPLORING

★ You might be tempted to stick with your first six Pokémon, but some types are better in battles than others. Exploring and catching a wide variety of Pokémon is the best strategy to make sure your team can take on any challenge.

WAYS TO WIN!

Not getting the W? Why not try...

Evolve at the right time

Some Pokémon will learn their better moves earlier if you don't evolve them, so knowing when to evolve is crucial. You can check out a 'Mon's move list online to make sure you're not missing out on anything good!

PRACTICE MAKES PERFECT!

"The most important tip... PRACTISE! It's the best thing you can do to improve at anything! This might even mean playing other games in the genre, like Guitar Hero 3 or Beatstar, to get a better sense of rhythm."

DID YOU KNOW?

Fortnite Festival was developed by Harmonix, the original creator of the Rock Band games!

TAKE IT SLOW!

"We 110% recommend playing the easier difficulties first to master the basics. Only go up in difficulty whenever you can clear a full song without missing a single note! That's one of the biggest tips we can give to newer players."

MAXIMISE OVERDRIVE!

"We know how cool the overdrive feels in Festival, but if you want to get the highest score possible you need to learn when to use it! Try to save it for whenever you can get the 4x multiplier or keep it up your sleeve for near the end of songs."

- ASTRO wears an umbrella hat in the prequel ASTRO's Playroom in the levels with rain, like Memory Meadow. He hurts his enemies with style!
- ASTRO is one multi-skilled bot! In ASTRO's Playroom, he can jump up high in the Frog Suit in Cooling Springs; climb cliffs in the Monkey Suit in GPU Jungle; and roll in the Ball Suit across the Memory Meadow!

TALES OF THE SHIRE: A LORD OF THE RINGS GAME

GENRE: LIFE SIMULATION SYSTEM: NS, XBSX/S, PS5 & PC

Get ready to live your best life as a Hobbit in Tales of the Shire: A Lord of the Rings Game!

Bywater is a quaint little corner of Middle-Earth that hasn't yet been established as an official village and that's where you come in. You'll help this little town to thrive and form friendships along the way.

There's plenty of daily activities including foraging, harvesting seasonal crops and fishing. While there's certainly lots to keep you busy, it looks like you'll be able to complete tasks at your own pace. The biggest worry you'll have will probably be perfecting a new recipe!

The art style really fits the vibe of this game and we can't wait to explore the Shire. There are forests and pastures to wander through as well as secret glades and lost treasures to find, and it all looks totally serene! There may even be some surprises to discover, too.

We think the customisation features will be the best part about this game. When you create your own Hobbit, you'll decide on their appearance, attire and even their foot hair! Best of all, you can decorate your Hobbit Hole to give it a personal touch and make it feel like home.

Tales of the Shire has major cosy vibes and if you prefer something a bit more fast-paced, this may not be the pick for you. However, if you enjoy games where you can explore, create and unwind, this could be your new favourite game!

DOG MAN: MISSION IMPAWSIBLE

GENRE: PLATFORMER SYSTEM: XBSX/S, PS4, PS5, NS & PC

He's half dog, half human, and 100% cop – it's **Dog Man**!

Even if you've never read the **Dog Man** books or seen the movie, this comic book-style platformer is worth checking out! When the city falls into the hands of bad guys, **The Fleas**, it's up to you and your **Supa Buddies** to save the day.

The levels are well-designed and fun to play. It gets tougher as you go but never feels impawsible! Our favourite feature has to be the way you switch through the different **Supa Buddies** to tackle different sections of the level. For example, some areas will require **Dog Man** to dig, or **Li'l Petey** to climb. Switching is super-smooth and feels really satisfying, even when you're mid-jump!

At the end of each location, you'll go head-to-head in a boss fight. Like most games in this genre, looking for patterns is the key to success, so don't worry if it takes a few tries to come out on top!

From the fun gameplay to the cool art style, and the funny storyline, we absolutely loved parkouring our way through the pawsome world of **Dog Man**!

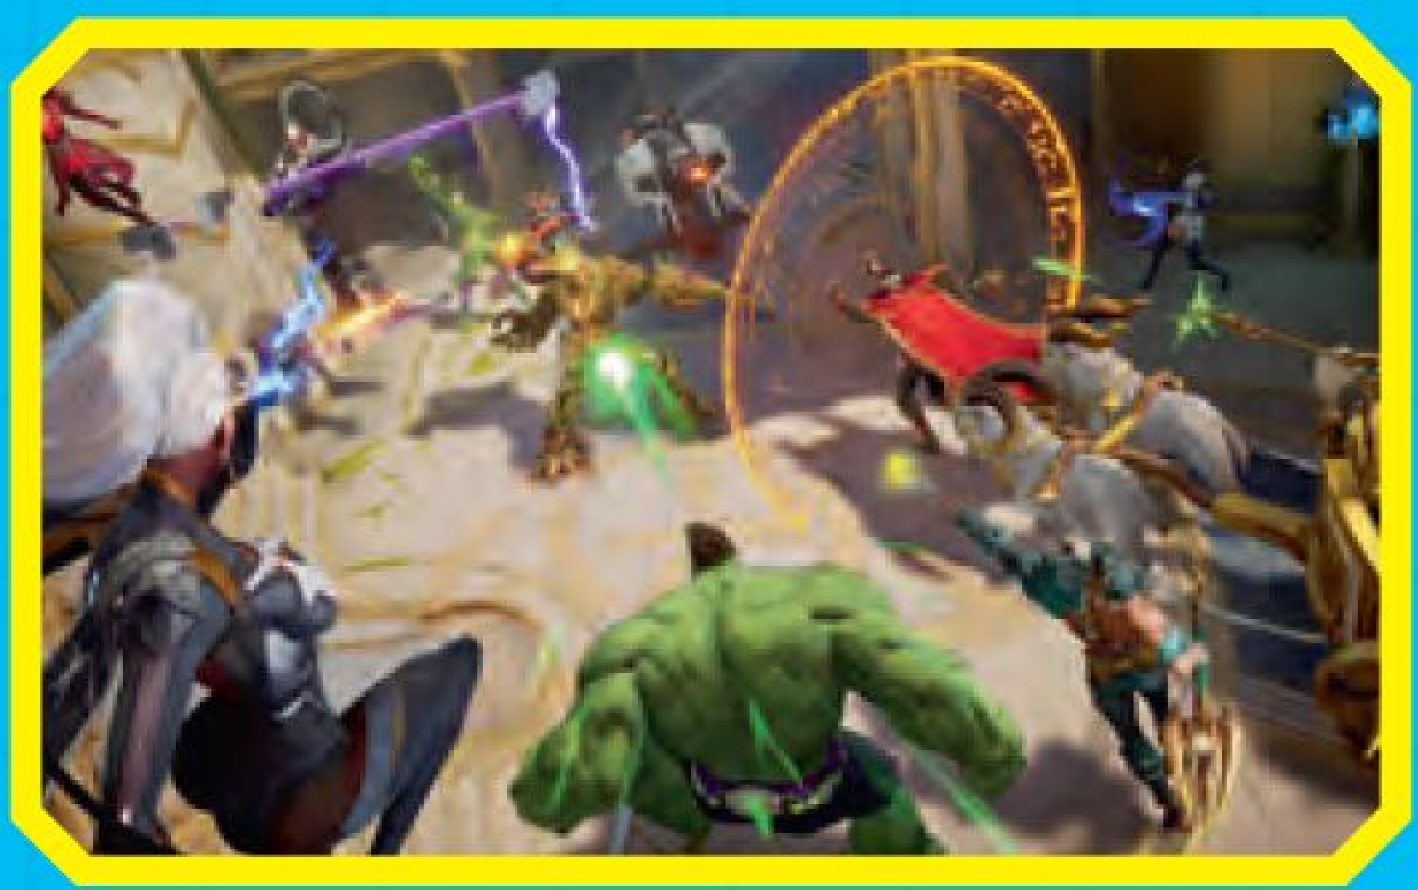
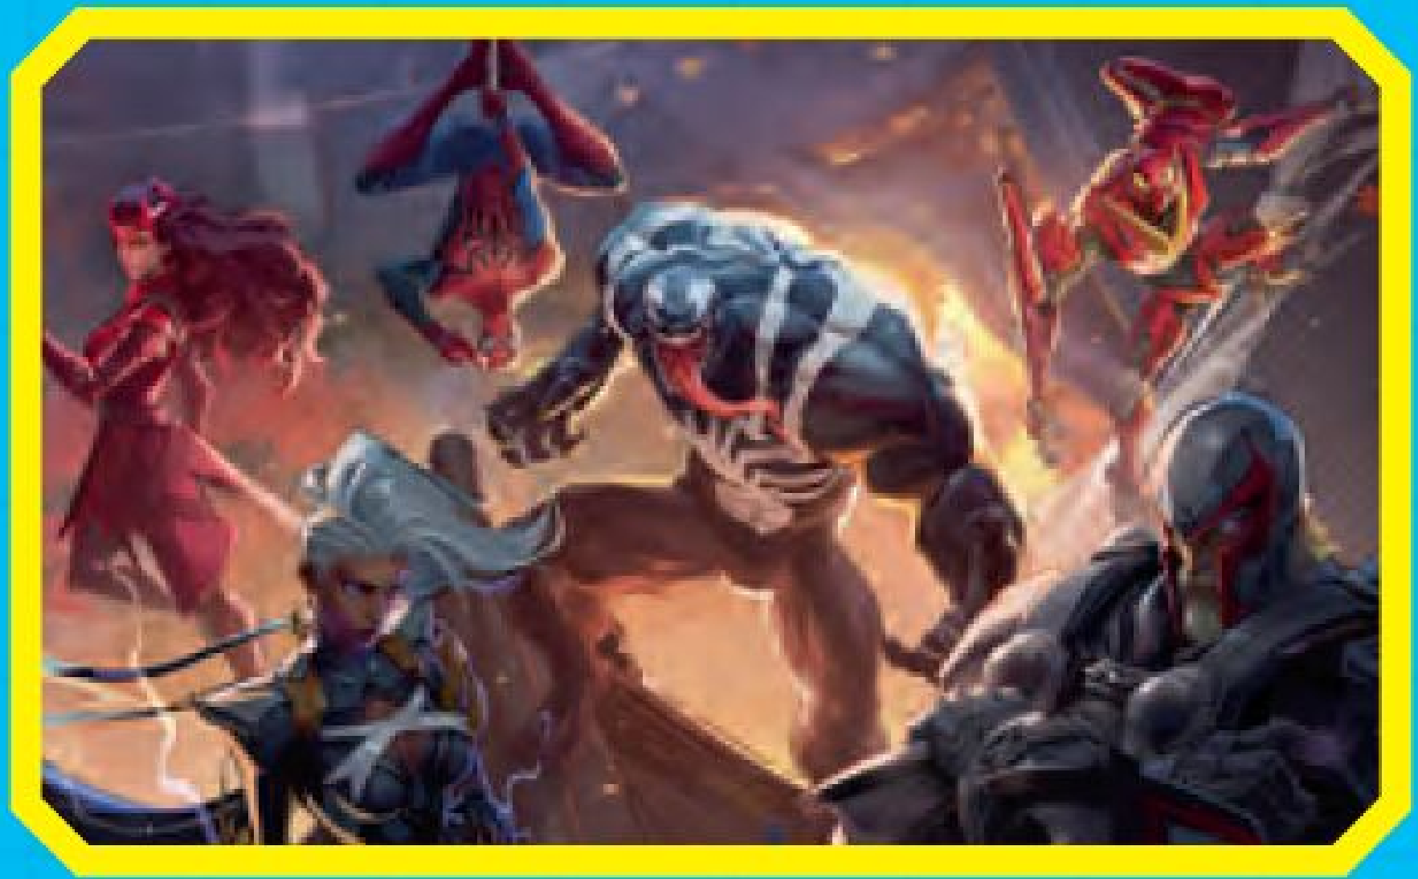
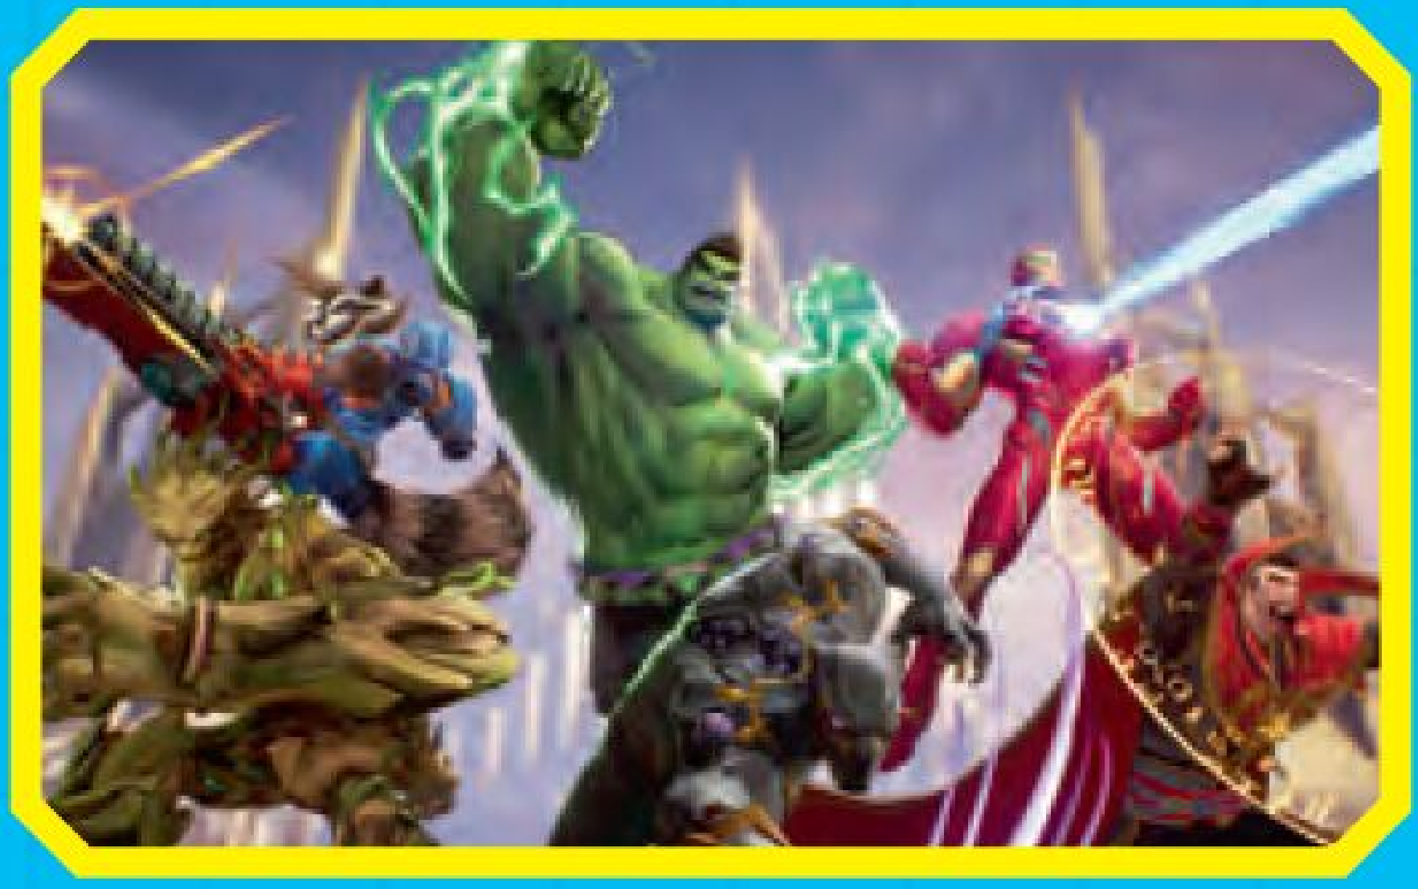
MARVEL RIVALS

GENRE: HERO SHOOTER SYSTEM: PS5, XBSX/S & PC







If you're a fan of team-based shooter games like **Overwatch** and **Star Wars: Hunters**, then you need to check out **Marvel Rivals**!

This free-to-play game is packed with **Marvel** characters you know and love, like **Spider-Man**, **Black Panther** and **Iron Man**, but also features more obscure heroes – and villains – that you might not know, like **Squirrel Girl** and **Jeff the Land Shark**! Not only is the roster super-impressive, but each character has their own unique playstyle, skills and abilities. The game also has a Hero Tutorial, so you can spend some time learning how to play as each hero without the pressure of a battle happening!

One thing we love about **Rivals** is that you can change character mid-game. As battles are 6v6, it's important to have a well-balanced team. So, if you notice halfway through a game that your team are taking loads of damage, then you might want to switch to a healing character like **Rocket**.

We're also loving the game's regular updates and crossover events, like the **Marvel Rivals x Fortnite** event that gave you the opportunity to bag yourself a cool glider for **Fortnite**! We hope to see more awesome events like this in the future – they're super!

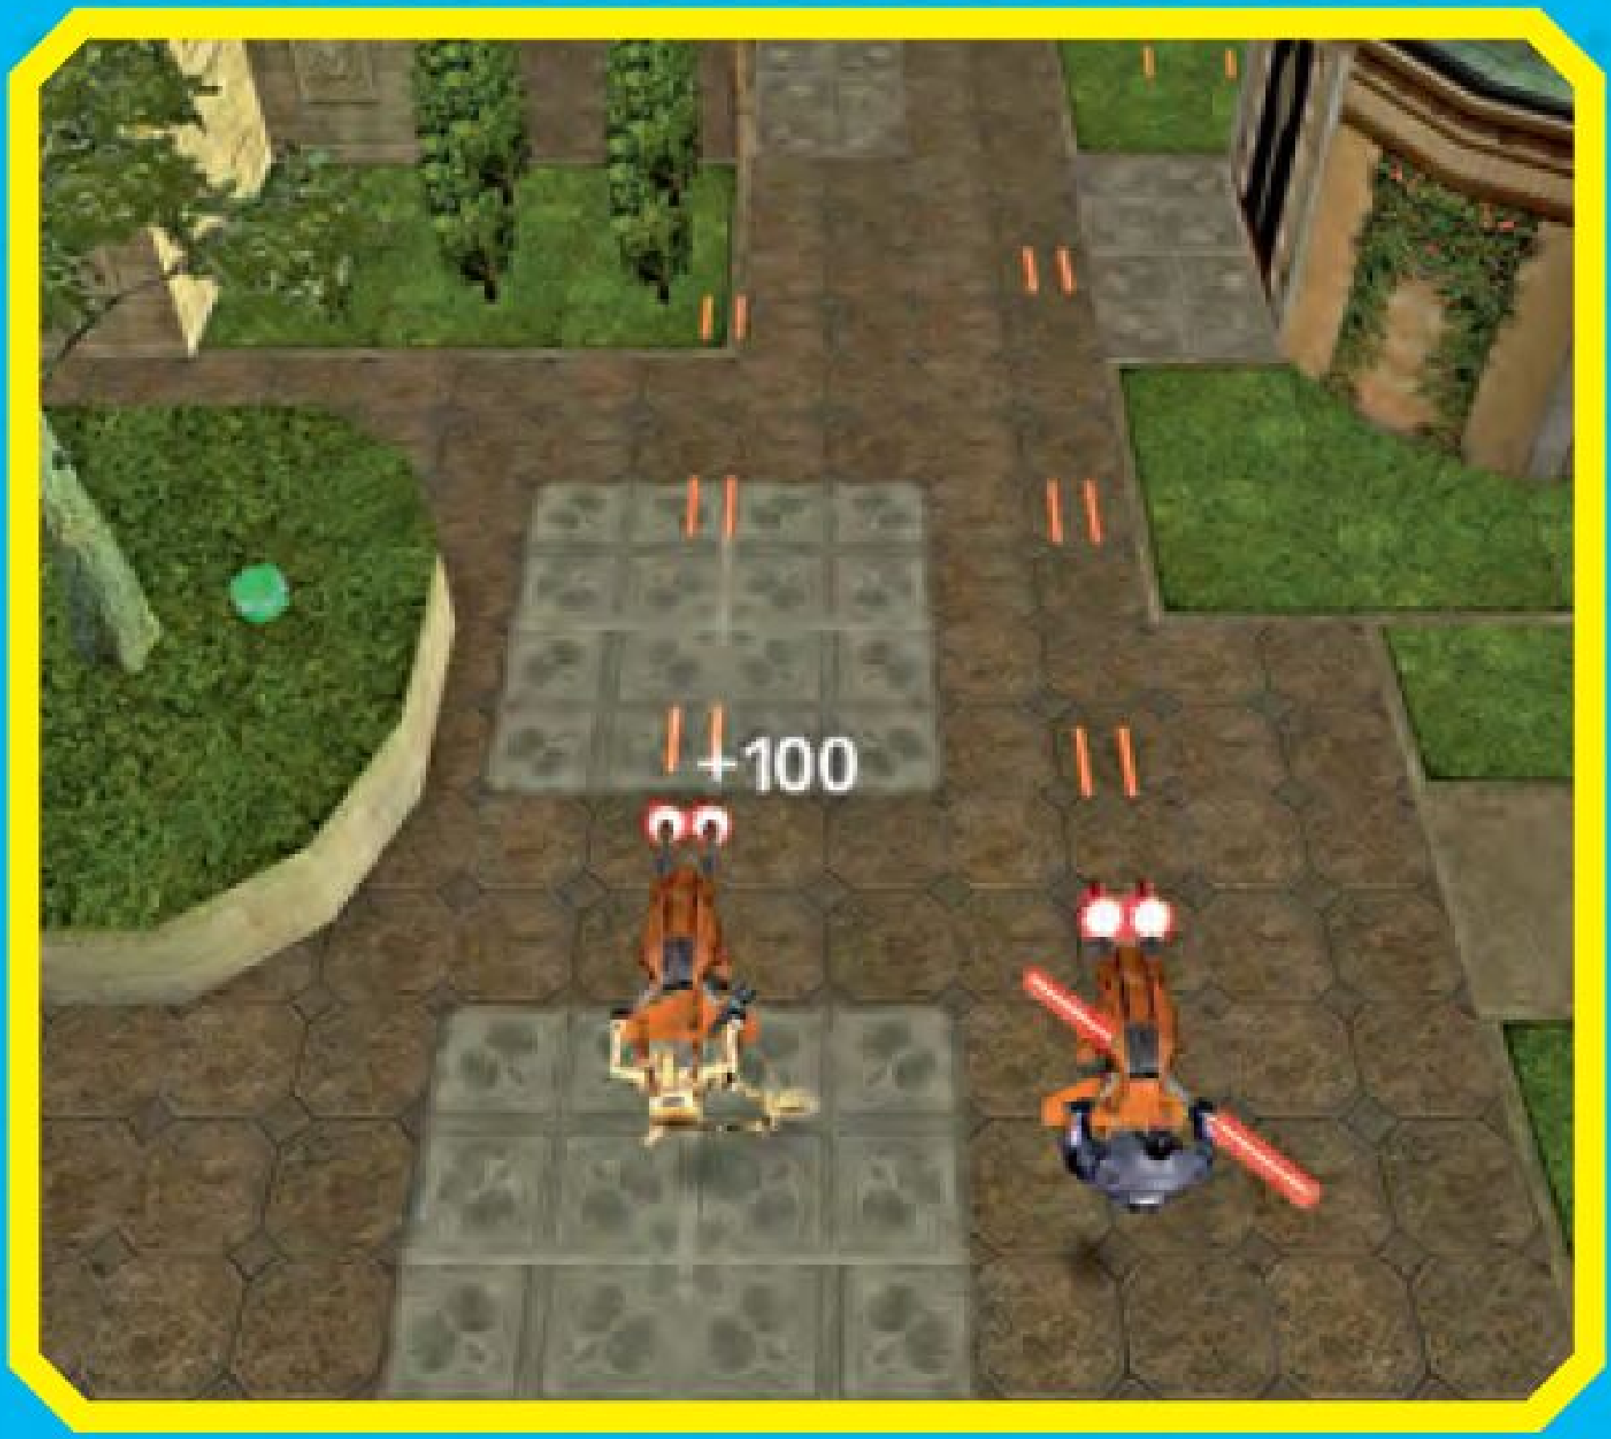
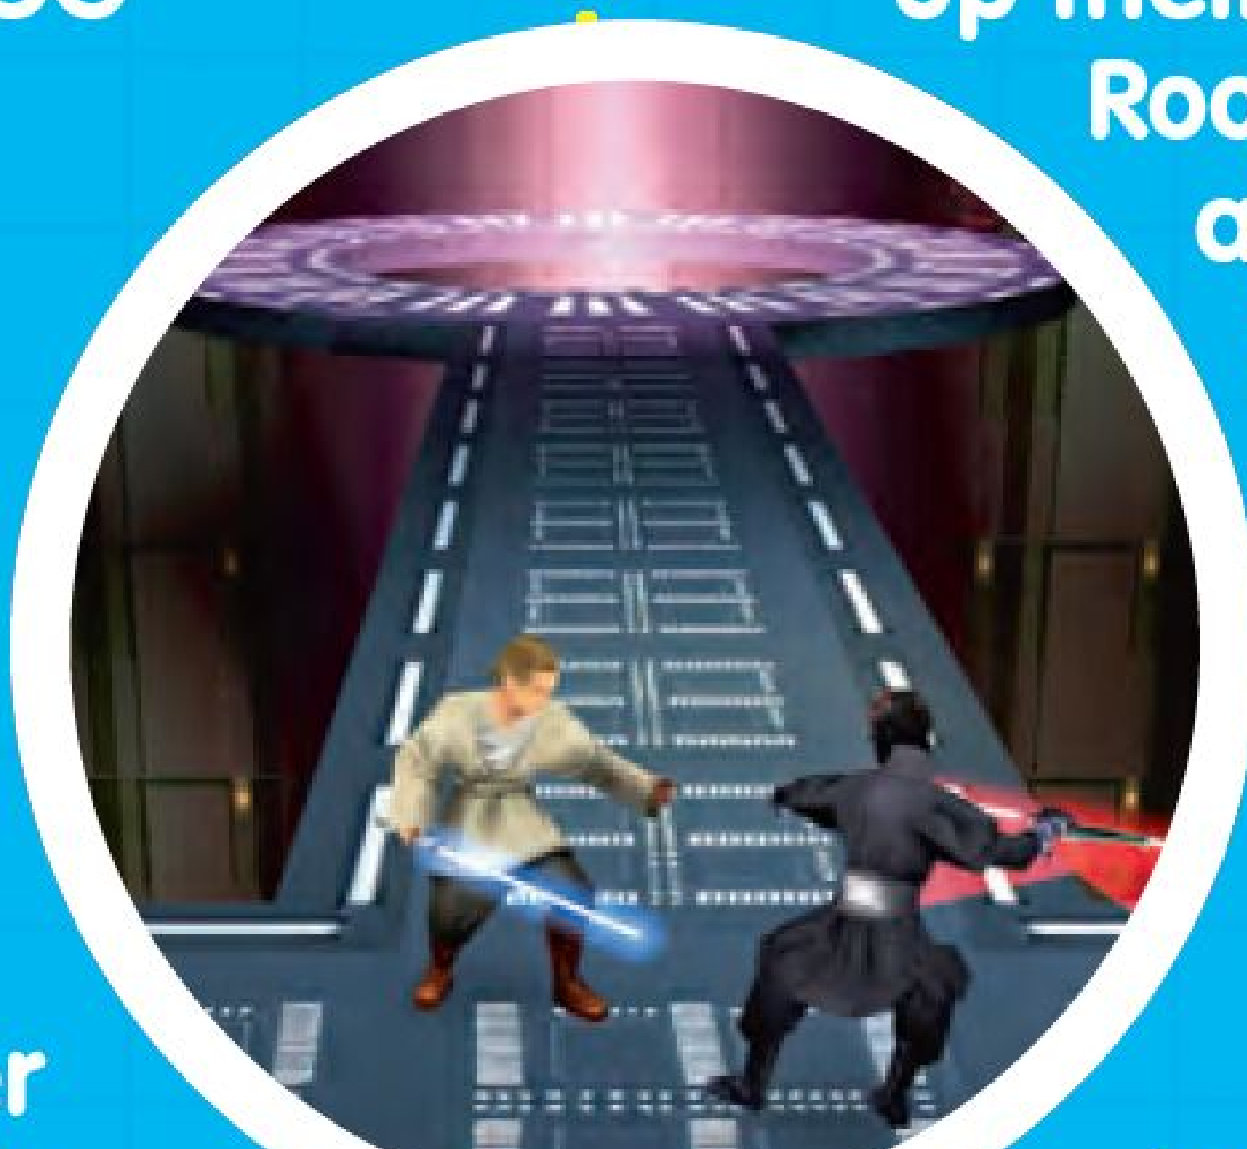
PREVIEW

STAR WARS EPISODE 1: JEDI POWER BATTLES

GENRE: ACTION, ADVENTURE **SYSTEM:** PS4, PS5, XBSX/S, NS & PC



It's time to go retro with **Star Wars Episode 1: Jedi Power Battles**!



JPB first released on the OG **PlayStation** and then the **SEGA Dreamcast** a whopping 25 years ago, and now it's back for modern consoles – with updates and enhancements! These changes are designed to give the game a smoother feel while keeping its retro style. They've also added a whole bunch of new characters to unlock and play as, as well as the ability to customise your lightsaber colour, too.

As well as the main campaign, players can battle their mate in a couch co-op VS mode, or level up their skills in the Training Rooms. Plus, there are also arcade cheat codes that you can enter to unlock the hilarious Big Head and Big Foot modes – which are as silly as they sound!

Jedi Power Battles might feel like a strange game to bring back but if you're a **Star Wars** fan who wants a pocket money pick, then this is the game you're looking for!

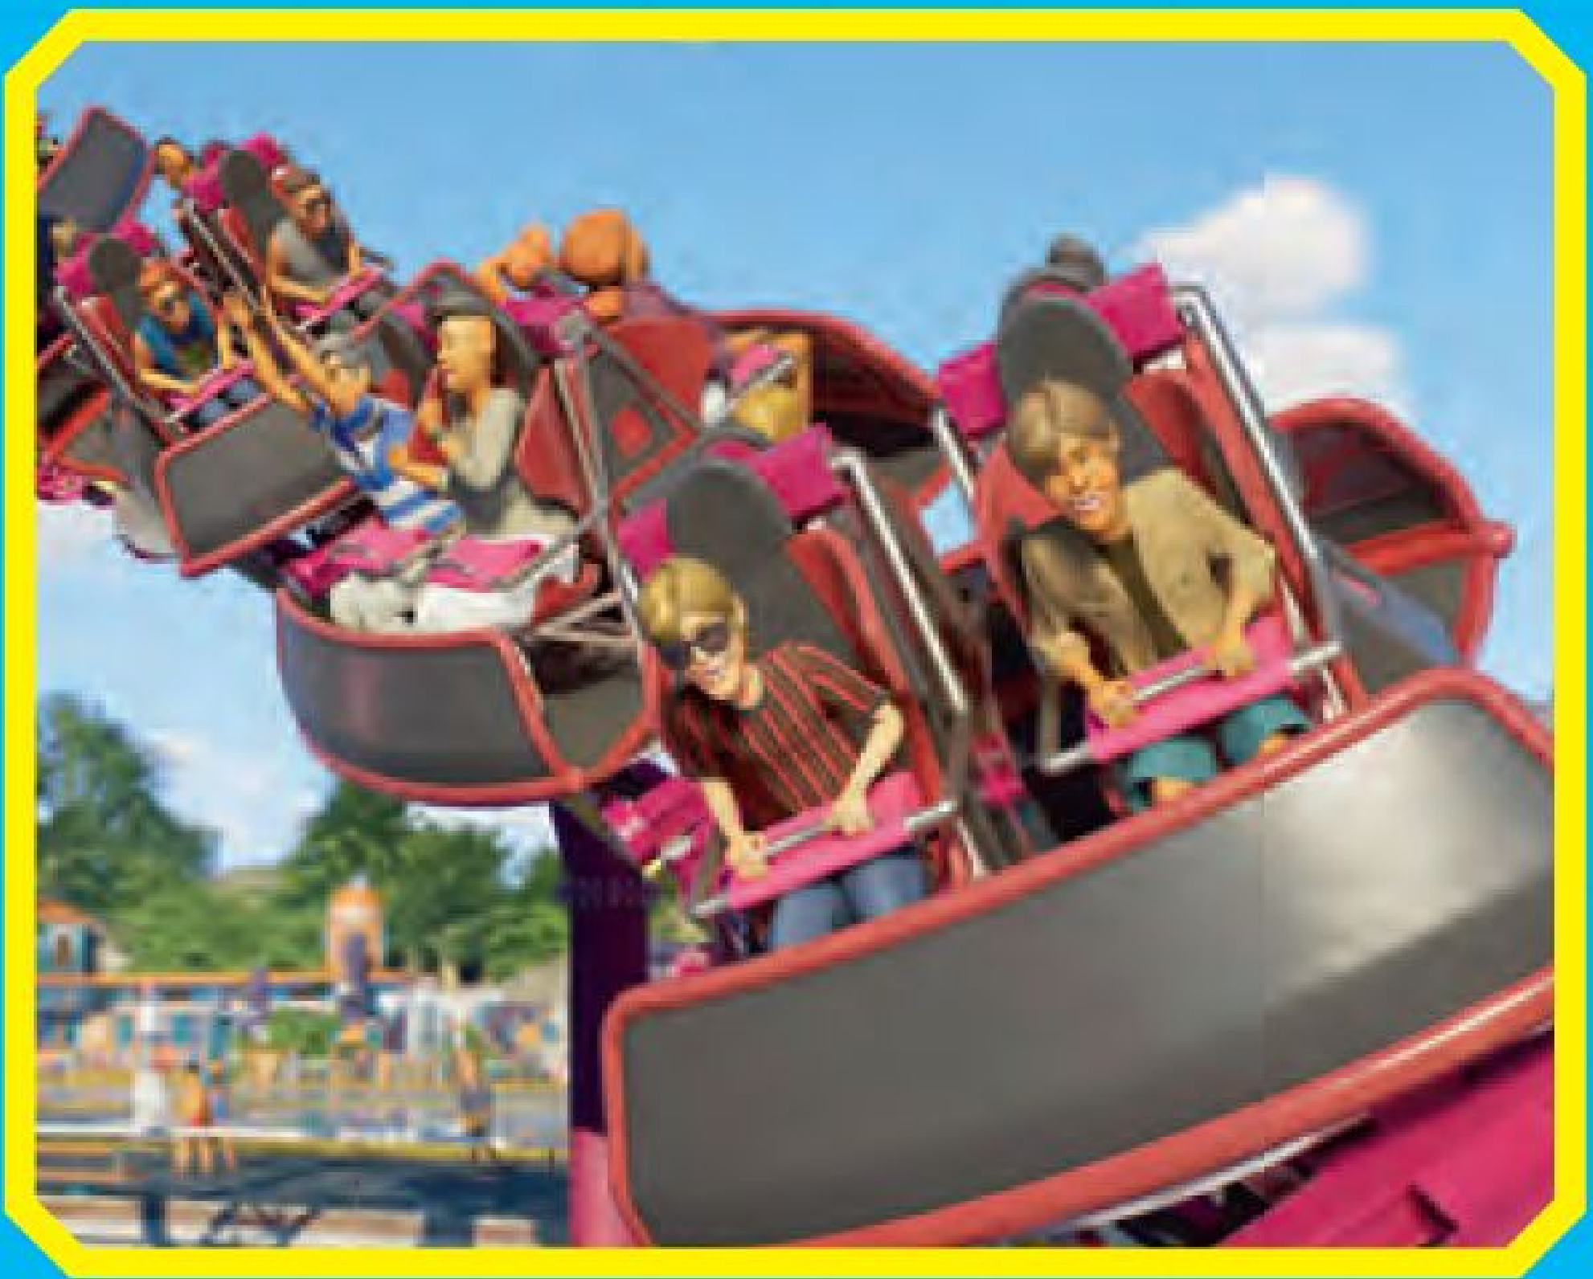
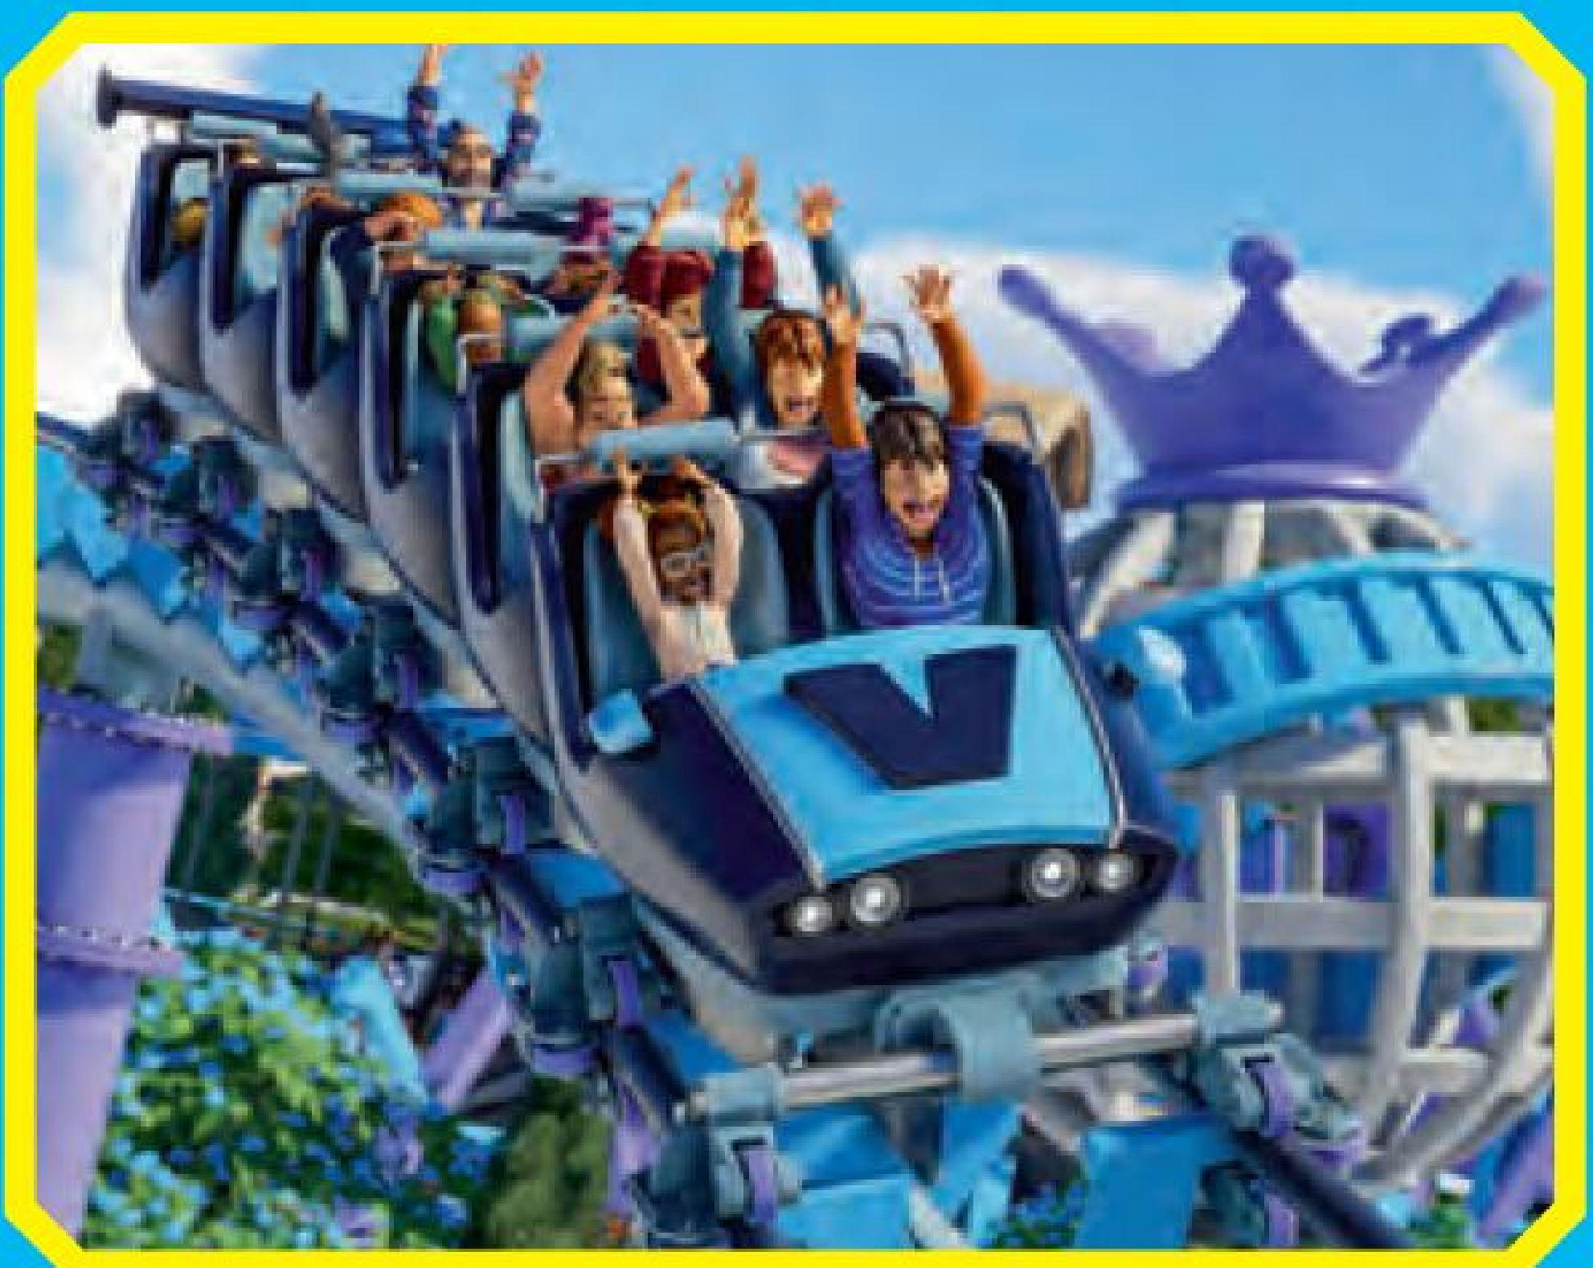
PLANET COASTER 2: THRILL-SEEKERS RIDE PACK

GENRE: CONSTRUCTION AND MANAGEMENT SIM **SYSTEM:** XBSX/S, PS5 & PC





Level up your theme park and wow your guests in **Planet Coaster 2: Thrill-Seekers Ride Pack**!

This DLC includes not one, not two but FIVE new customisable attractions which will make your park the ultimate destination for thrill-seekers! From the Whirlpool that sweeps guests into a wild vortex to the Ultra Spin Coaster, these new attractions are high adrenaline. Make sure you have janitors on hand for the paths to those rides – you're going to need them!

These new attractions are so awesome that they left us wanting more! We'd have liked to have seen new scenery pieces as well as new rides for gamers to further enhance the look of their parks. However, this doesn't take away from the fact that the DLC really does elevate the base game.

Planet Coaster 2 was already a blast, and this expansion makes it better, adding even more fun, excitement, and unique coasters to the game!

KEEP IT SIMPLE!

You can only have twenty cards in a deck so it's best to keep it simple! Don't use more than one type of energy and it's best to only use around three or four species of **Pokémon**!

SUPER SHOWCASE!

You can use binders and display boards to show off your coolest cards. If you make some of these binders and boards public, people can like them, which can give you free shop tickets!

You get to open a new free pack every twelve hours, but make sure you don't forget to open them! You can only keep two unopened packs stored so even if twelve more hours pass, you won't get any more cards until you open the ones you have waiting!

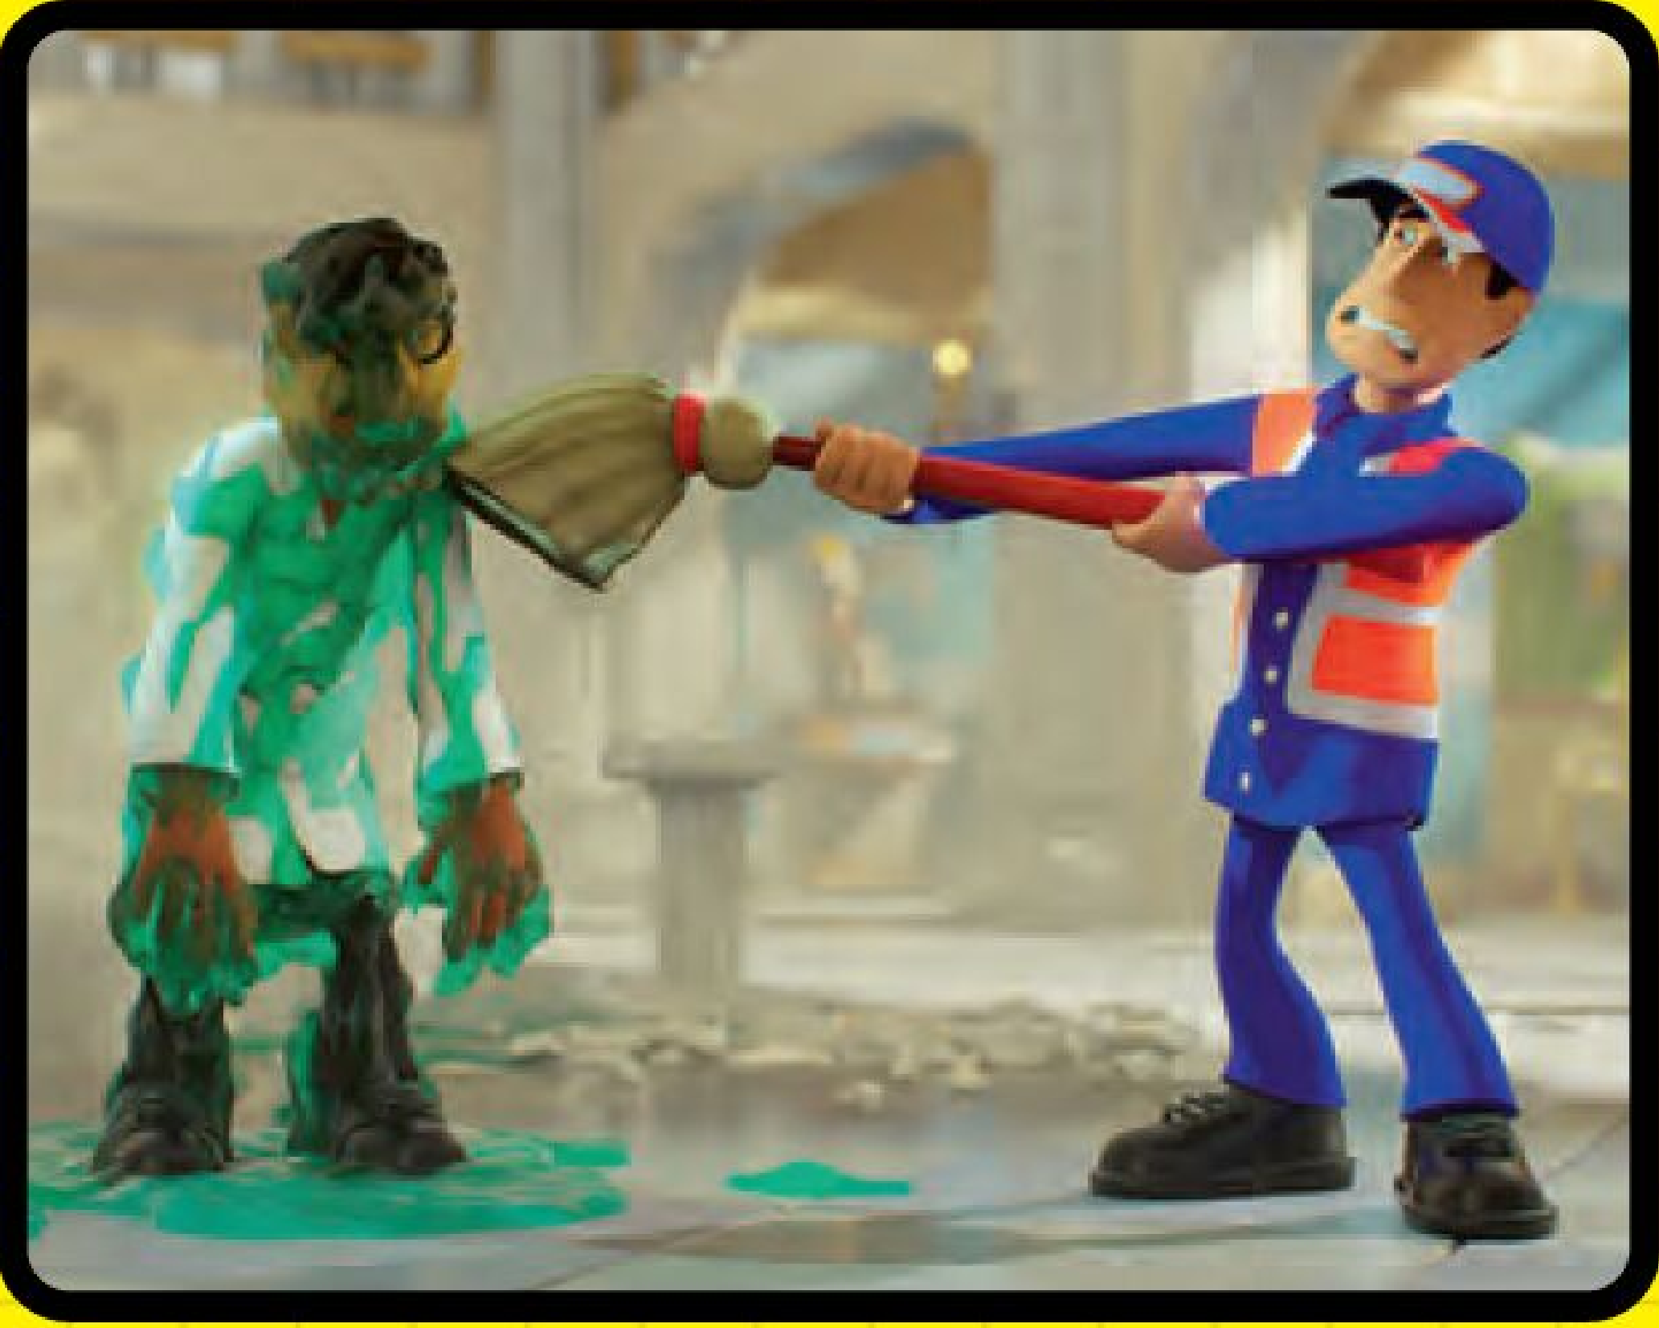
MAXIMISE YOUR MUSEUM MONEY!

5 TOP TIPS FOR TWO POINT MUSEUM

OUT ON PS5, XBSX/S & PC MARCH 4!

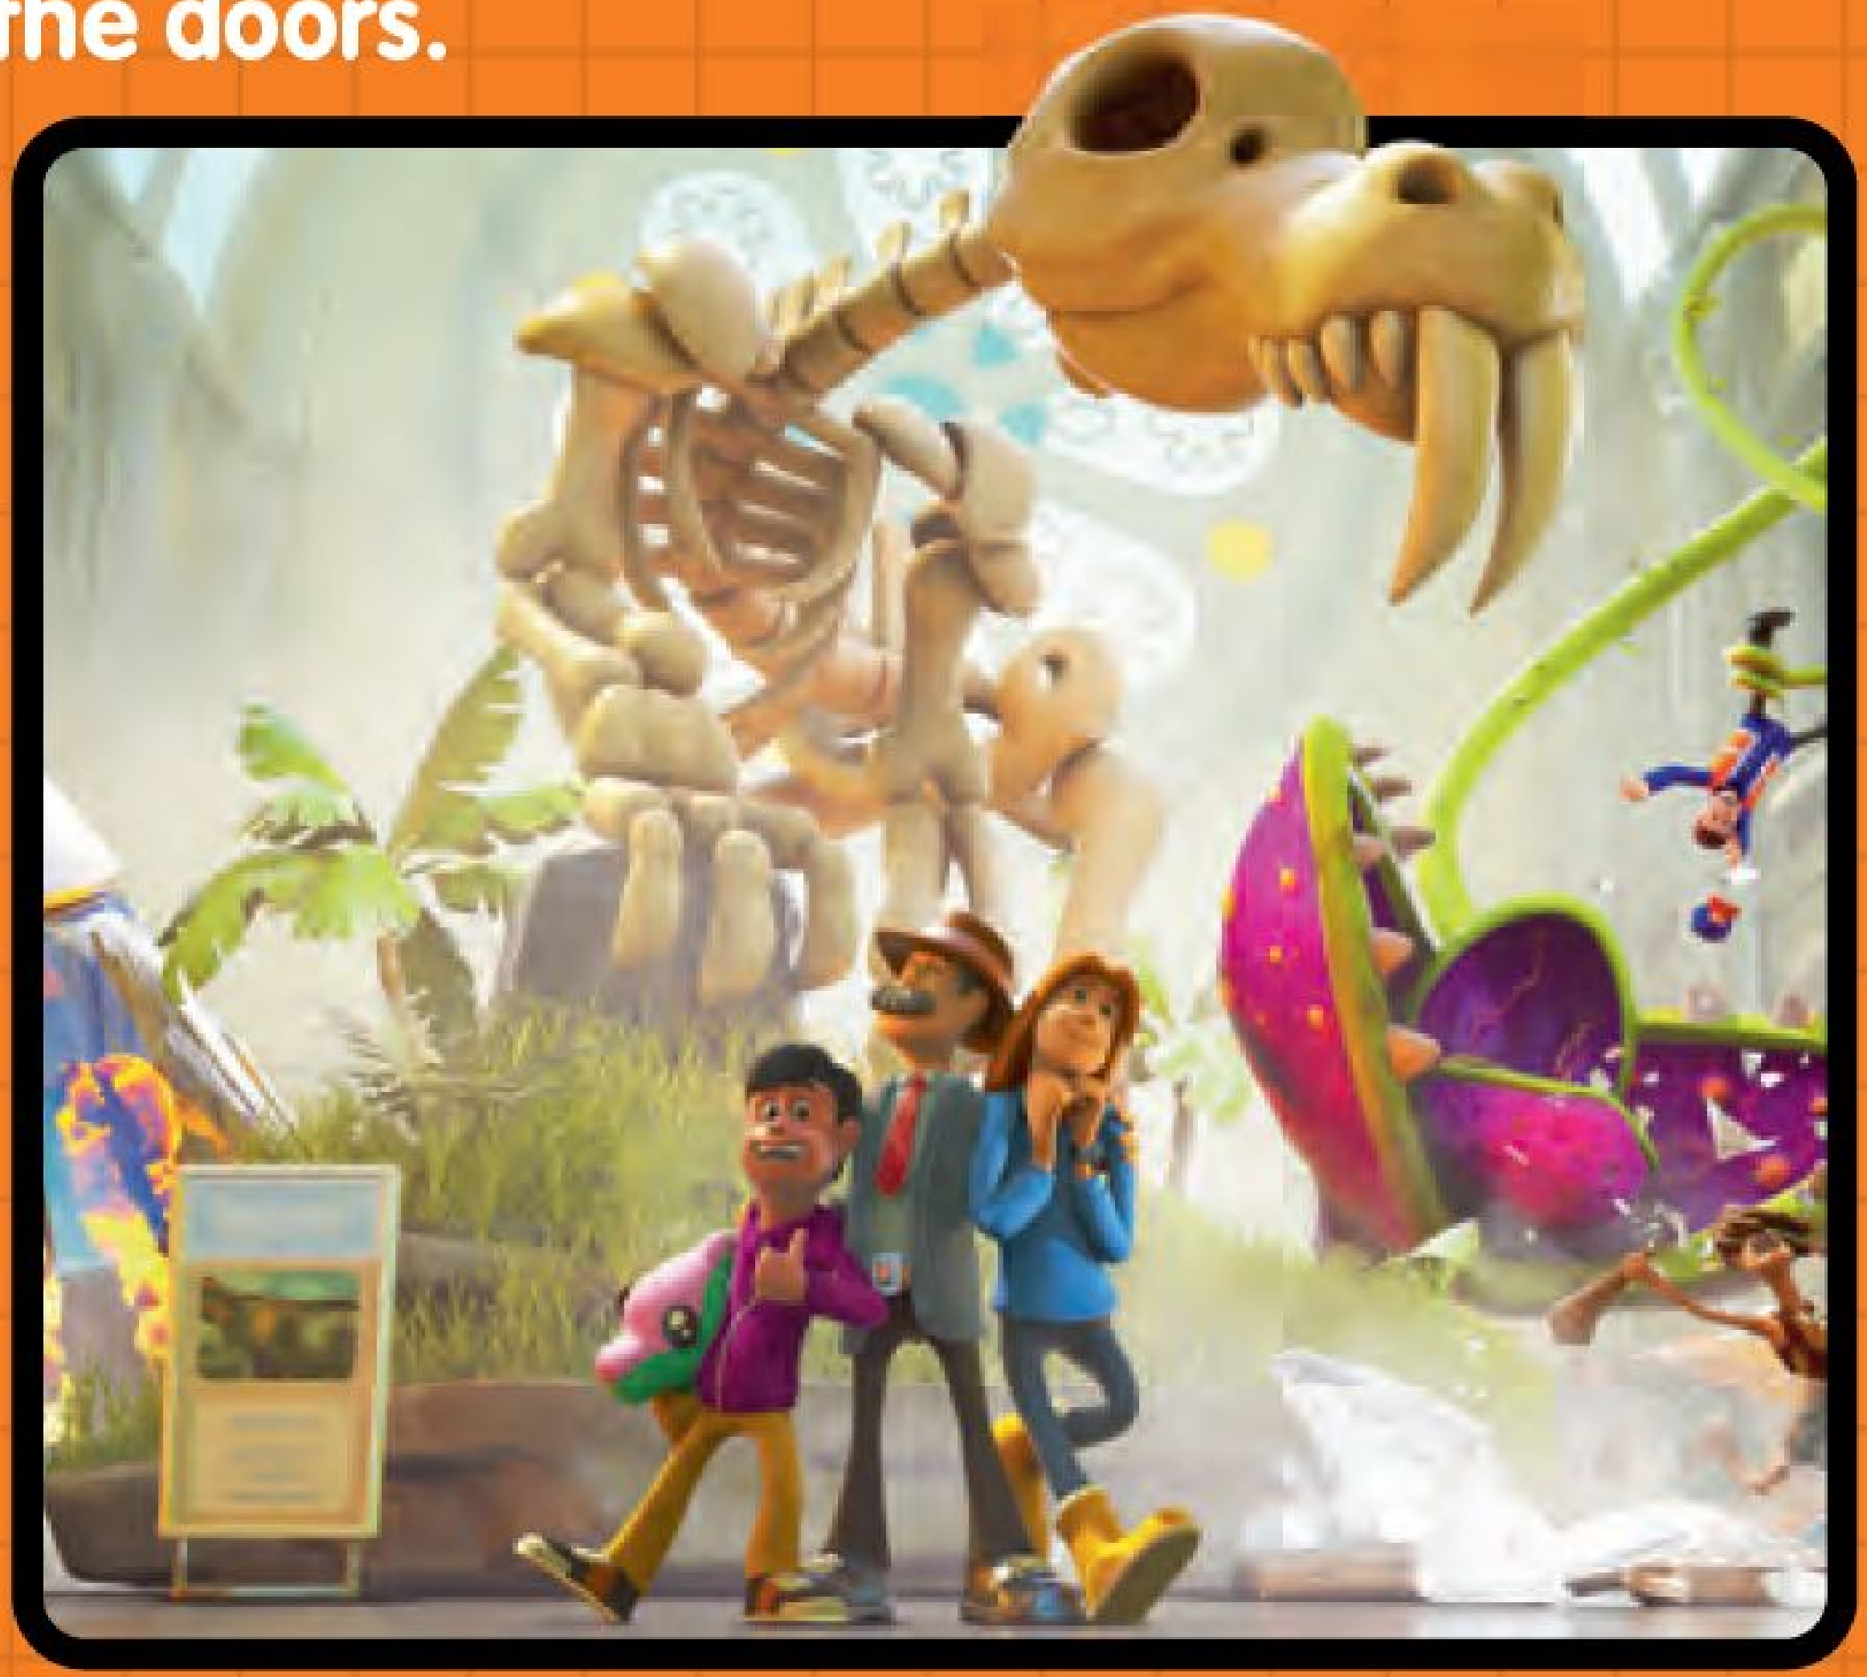
5 KEEP IT CLEAN

● Happy visitors will be willing to part with more money and will tell others to visit too — they won't be happy seeing litter around.



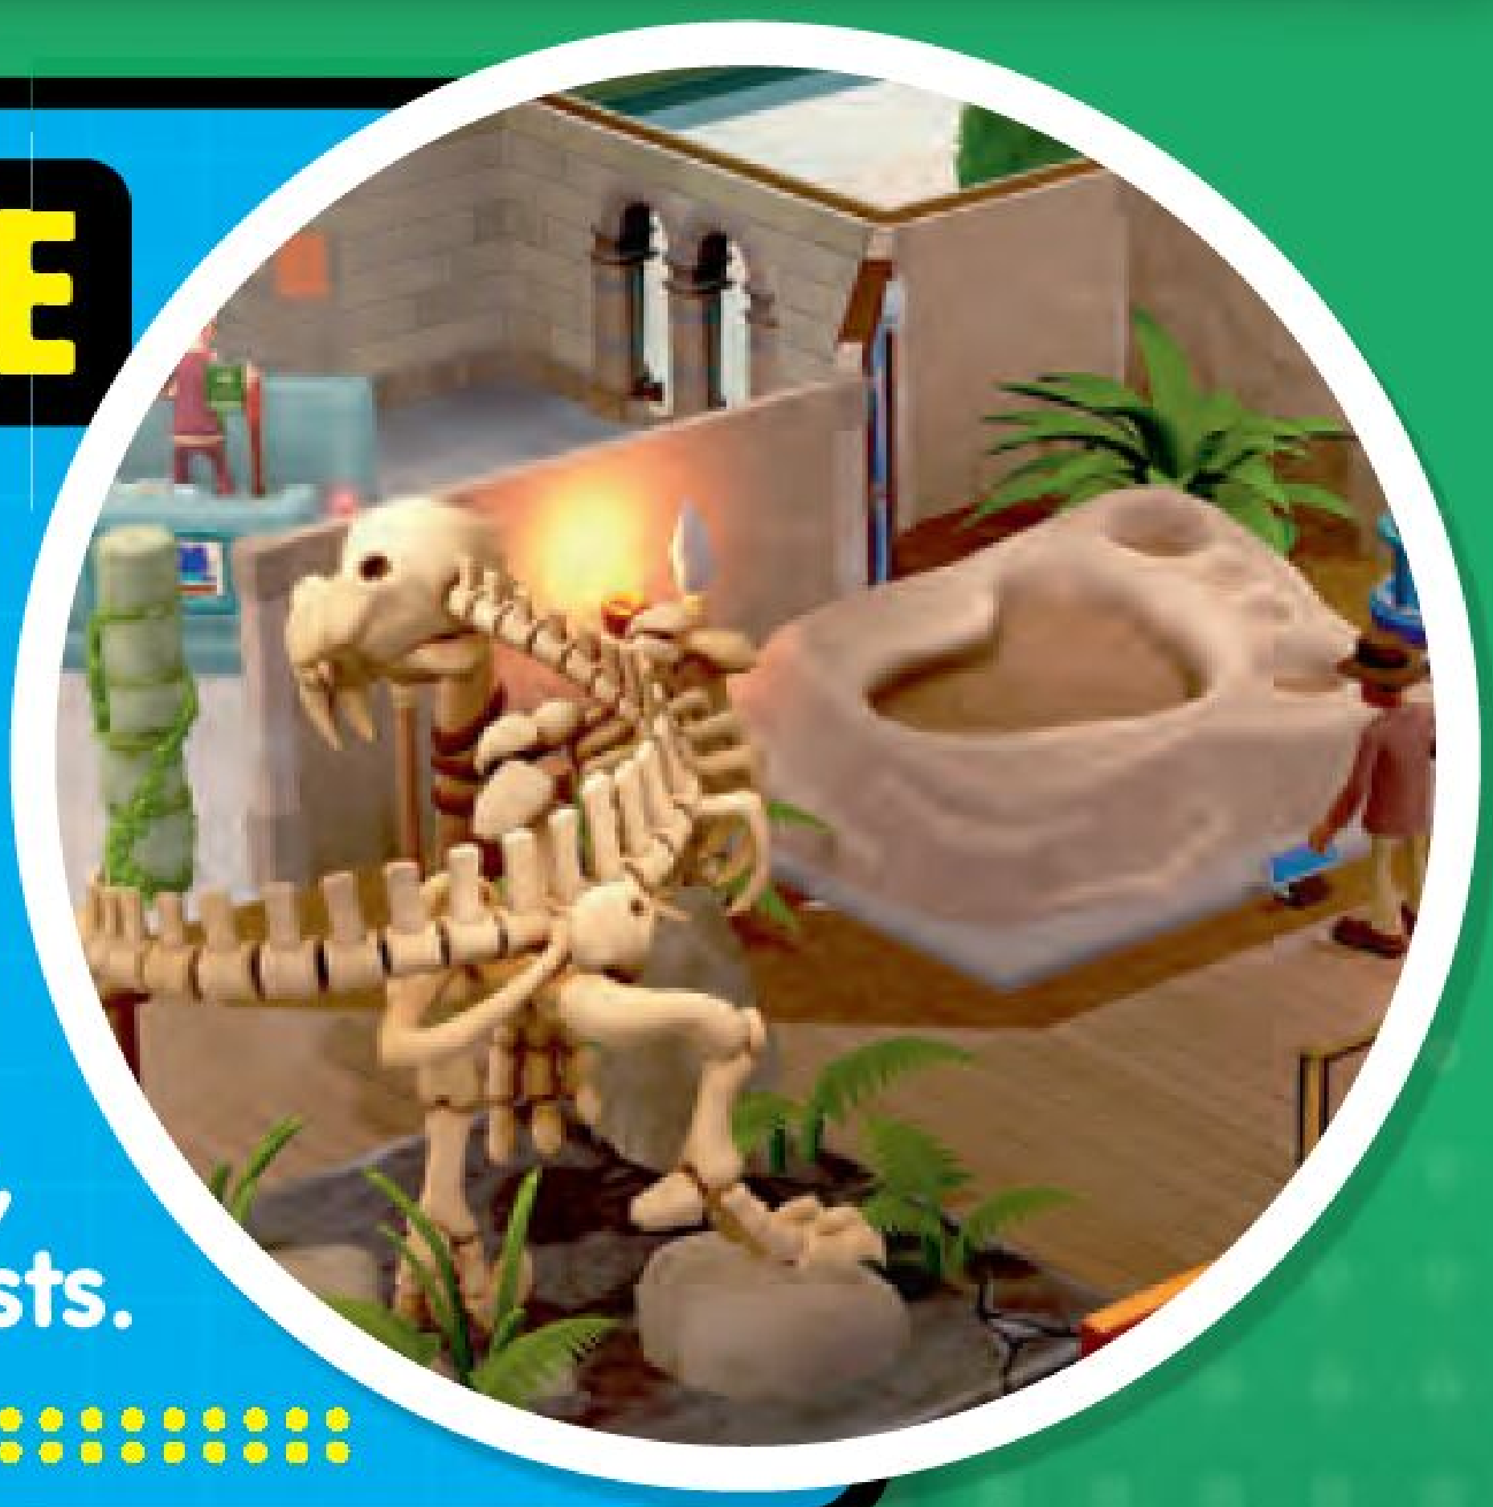
4 VARIETY IS THE SPICE OF LIFE

● While it's tempting to dedicate your museum space to just dinosaur bones, visitors will want to see more than that. Add other themes, like marine life or the paranormal, to get more people through the doors.



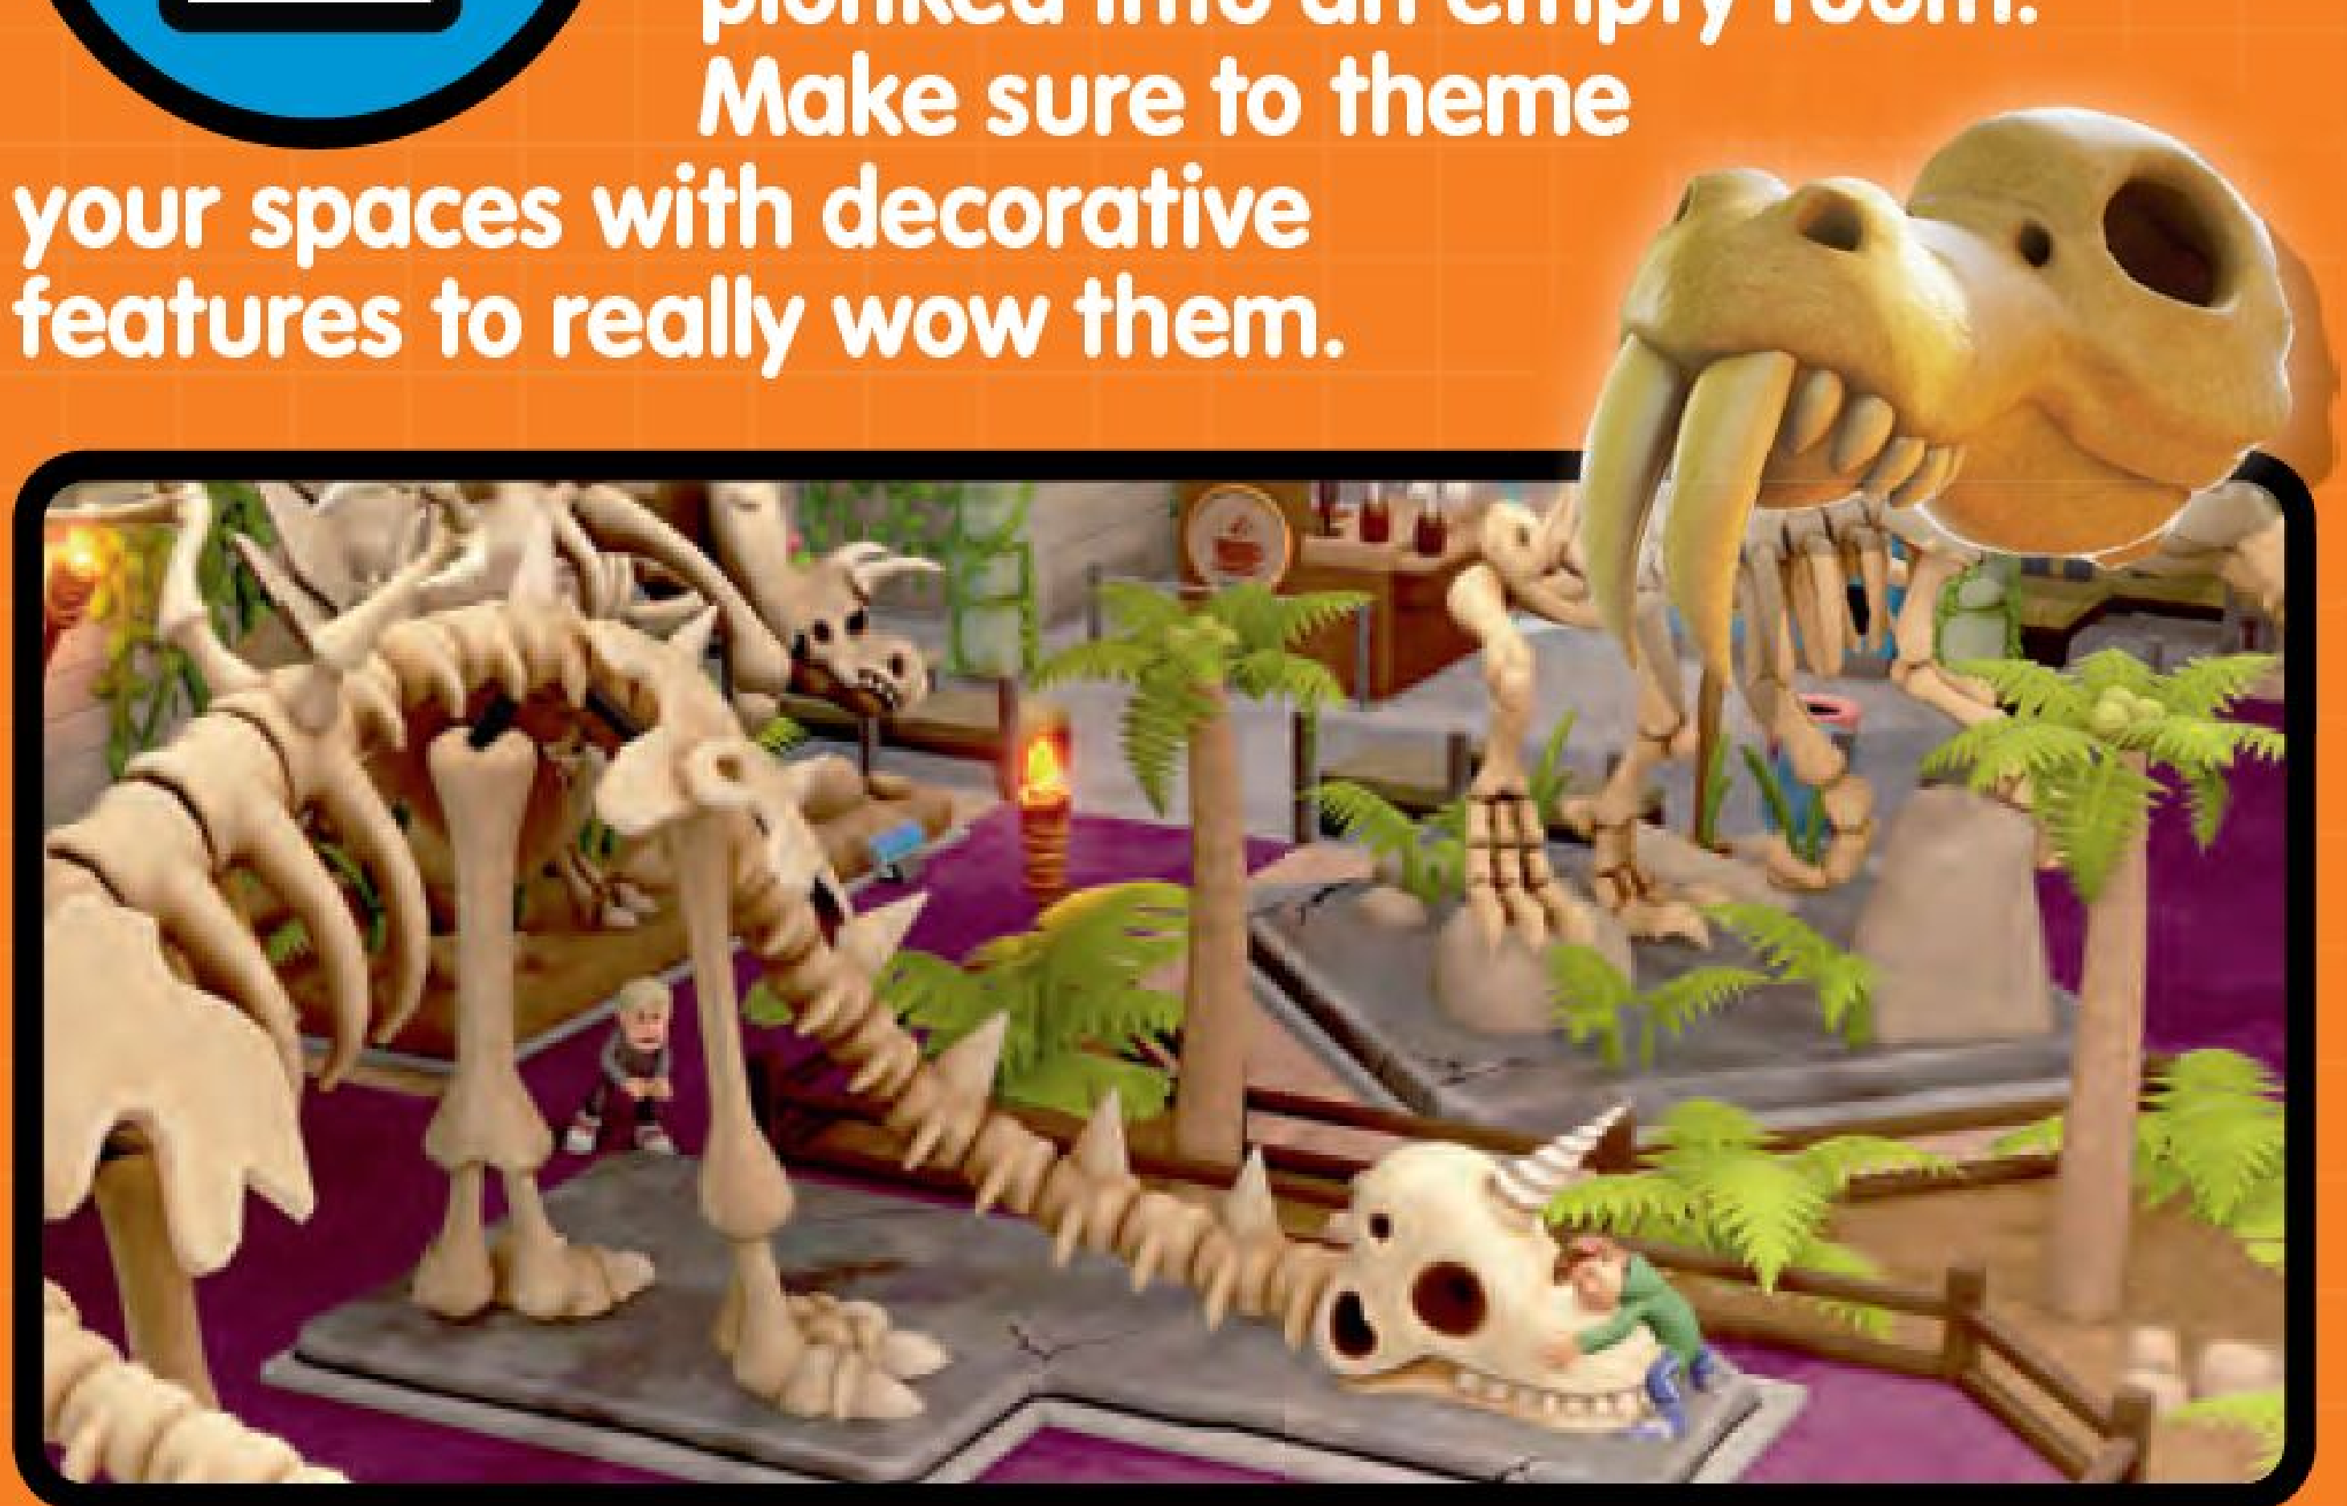
3 TOUR TIME

● In *Two Point Museum*, you can create guided tours. These will need to go past exhibits, information boards, donation boxes, and whatever you have, if you want to please your guests.



2 DECORATE

● Visitors won't be impressed by a dinosaur skull plonked into an empty room. Make sure to theme your spaces with decorative features to really wow them.



1 GIFT SHOP GOODIES

● Visitors will buy souvenirs based on the exhibits they enjoyed the most. Keep an eye on what people prefer and stock the shop with related goodies!

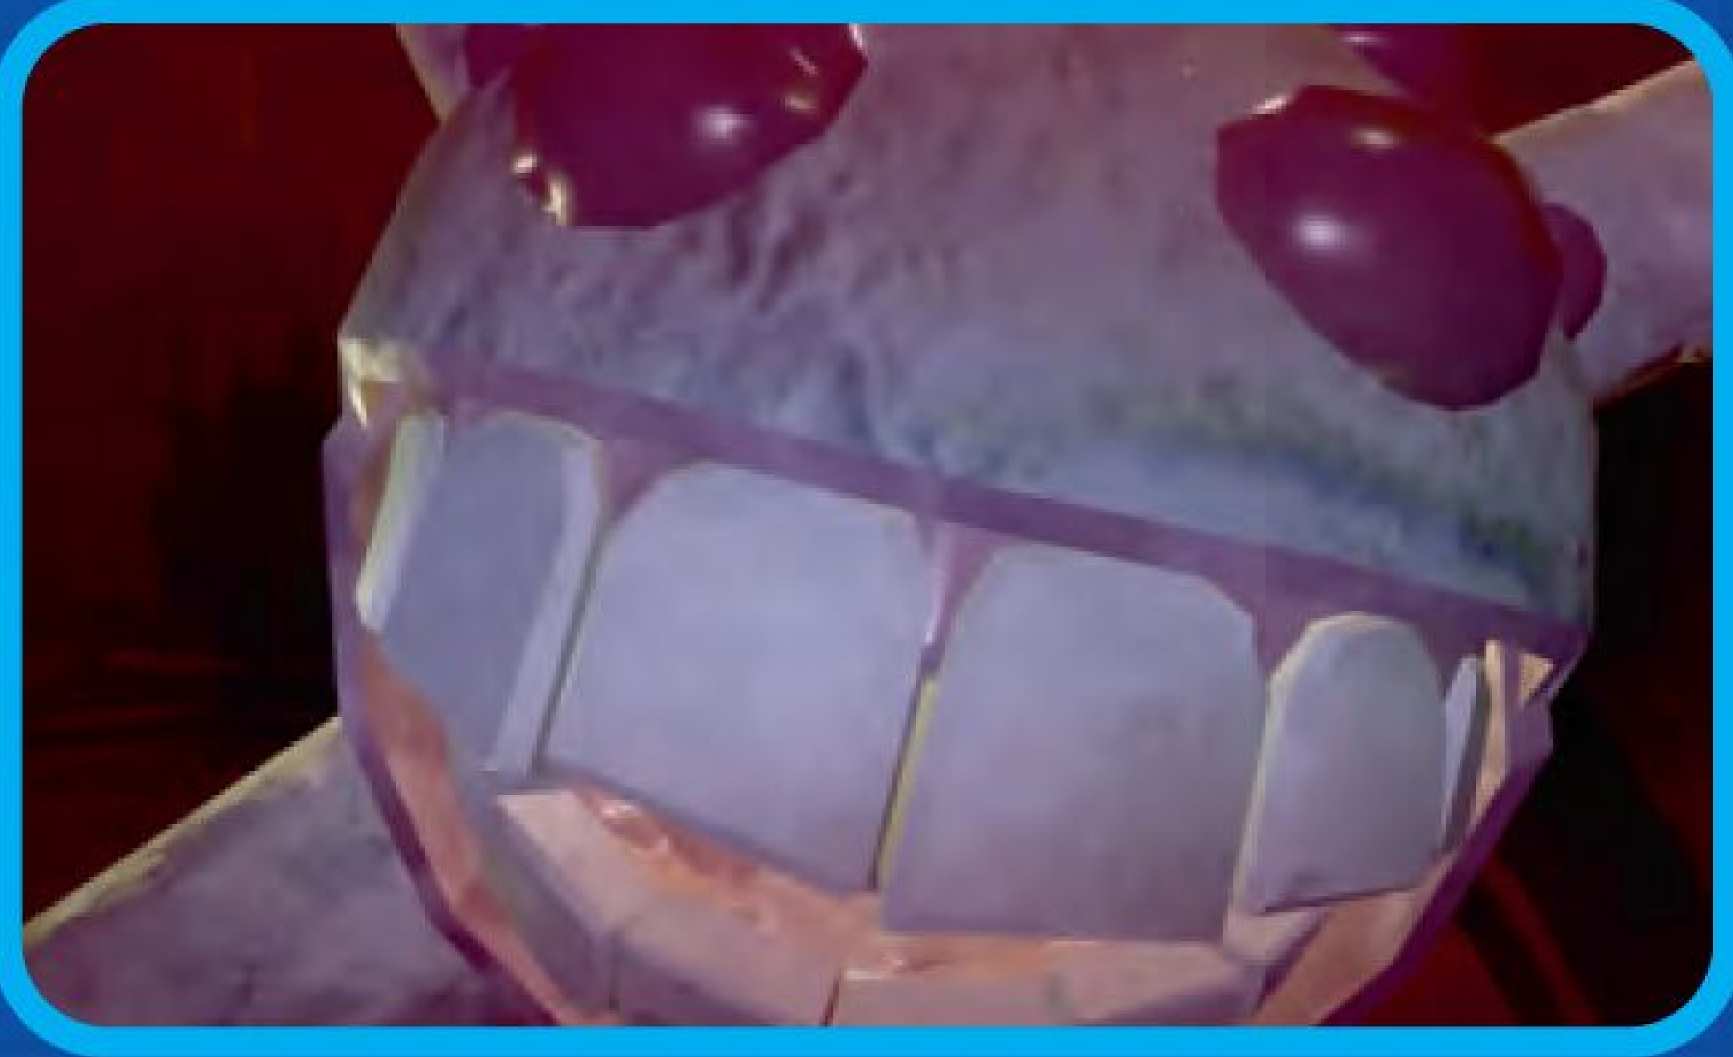
SURVIVE THE MINES WITH OUR OFFICIAL YOUTUBER'S HELP!

WILL'S GUIDE TO DOORS FLOOR 2

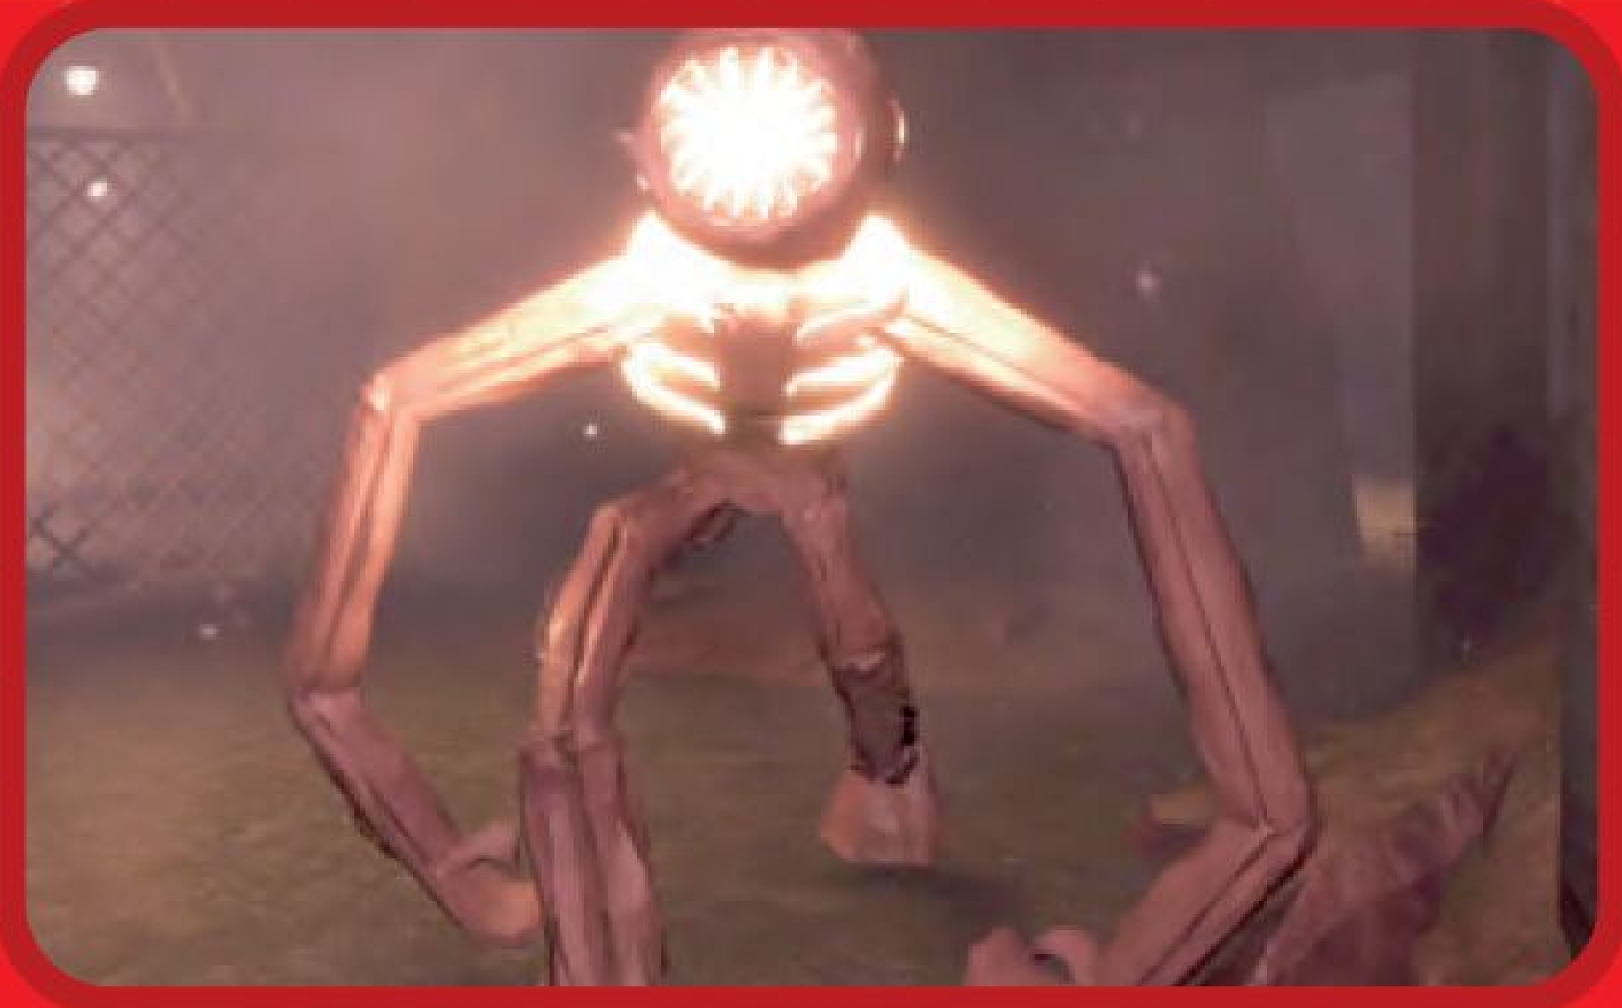


LOOK UP

"If you hear giggling, look straight up! If you see a starfish showing off its big white teeth, then you've found **Giggle**. As long as you don't go directly underneath it, it's harmless."

GO FIGURE

"One of the most nerve-racking entities is **Figure** - especially in **Floor 2** as it doesn't follow a simple move pattern. Unlike **Floor 1**, you can throw light sticks down to distract it!"



LOTS OF LOOT

"It's worth spending time looking through lockers or the un-numbered doors for loot. You'll want lights for dark parts of the cave and heals for the hard Entities!"

BETTER RUSH

"If you messed up and didn't notice the cave shake then it's not all over! For some reason, if you open the drawers and crouch in them, **Rush** will go past you."

DON'T KNOCK IT!

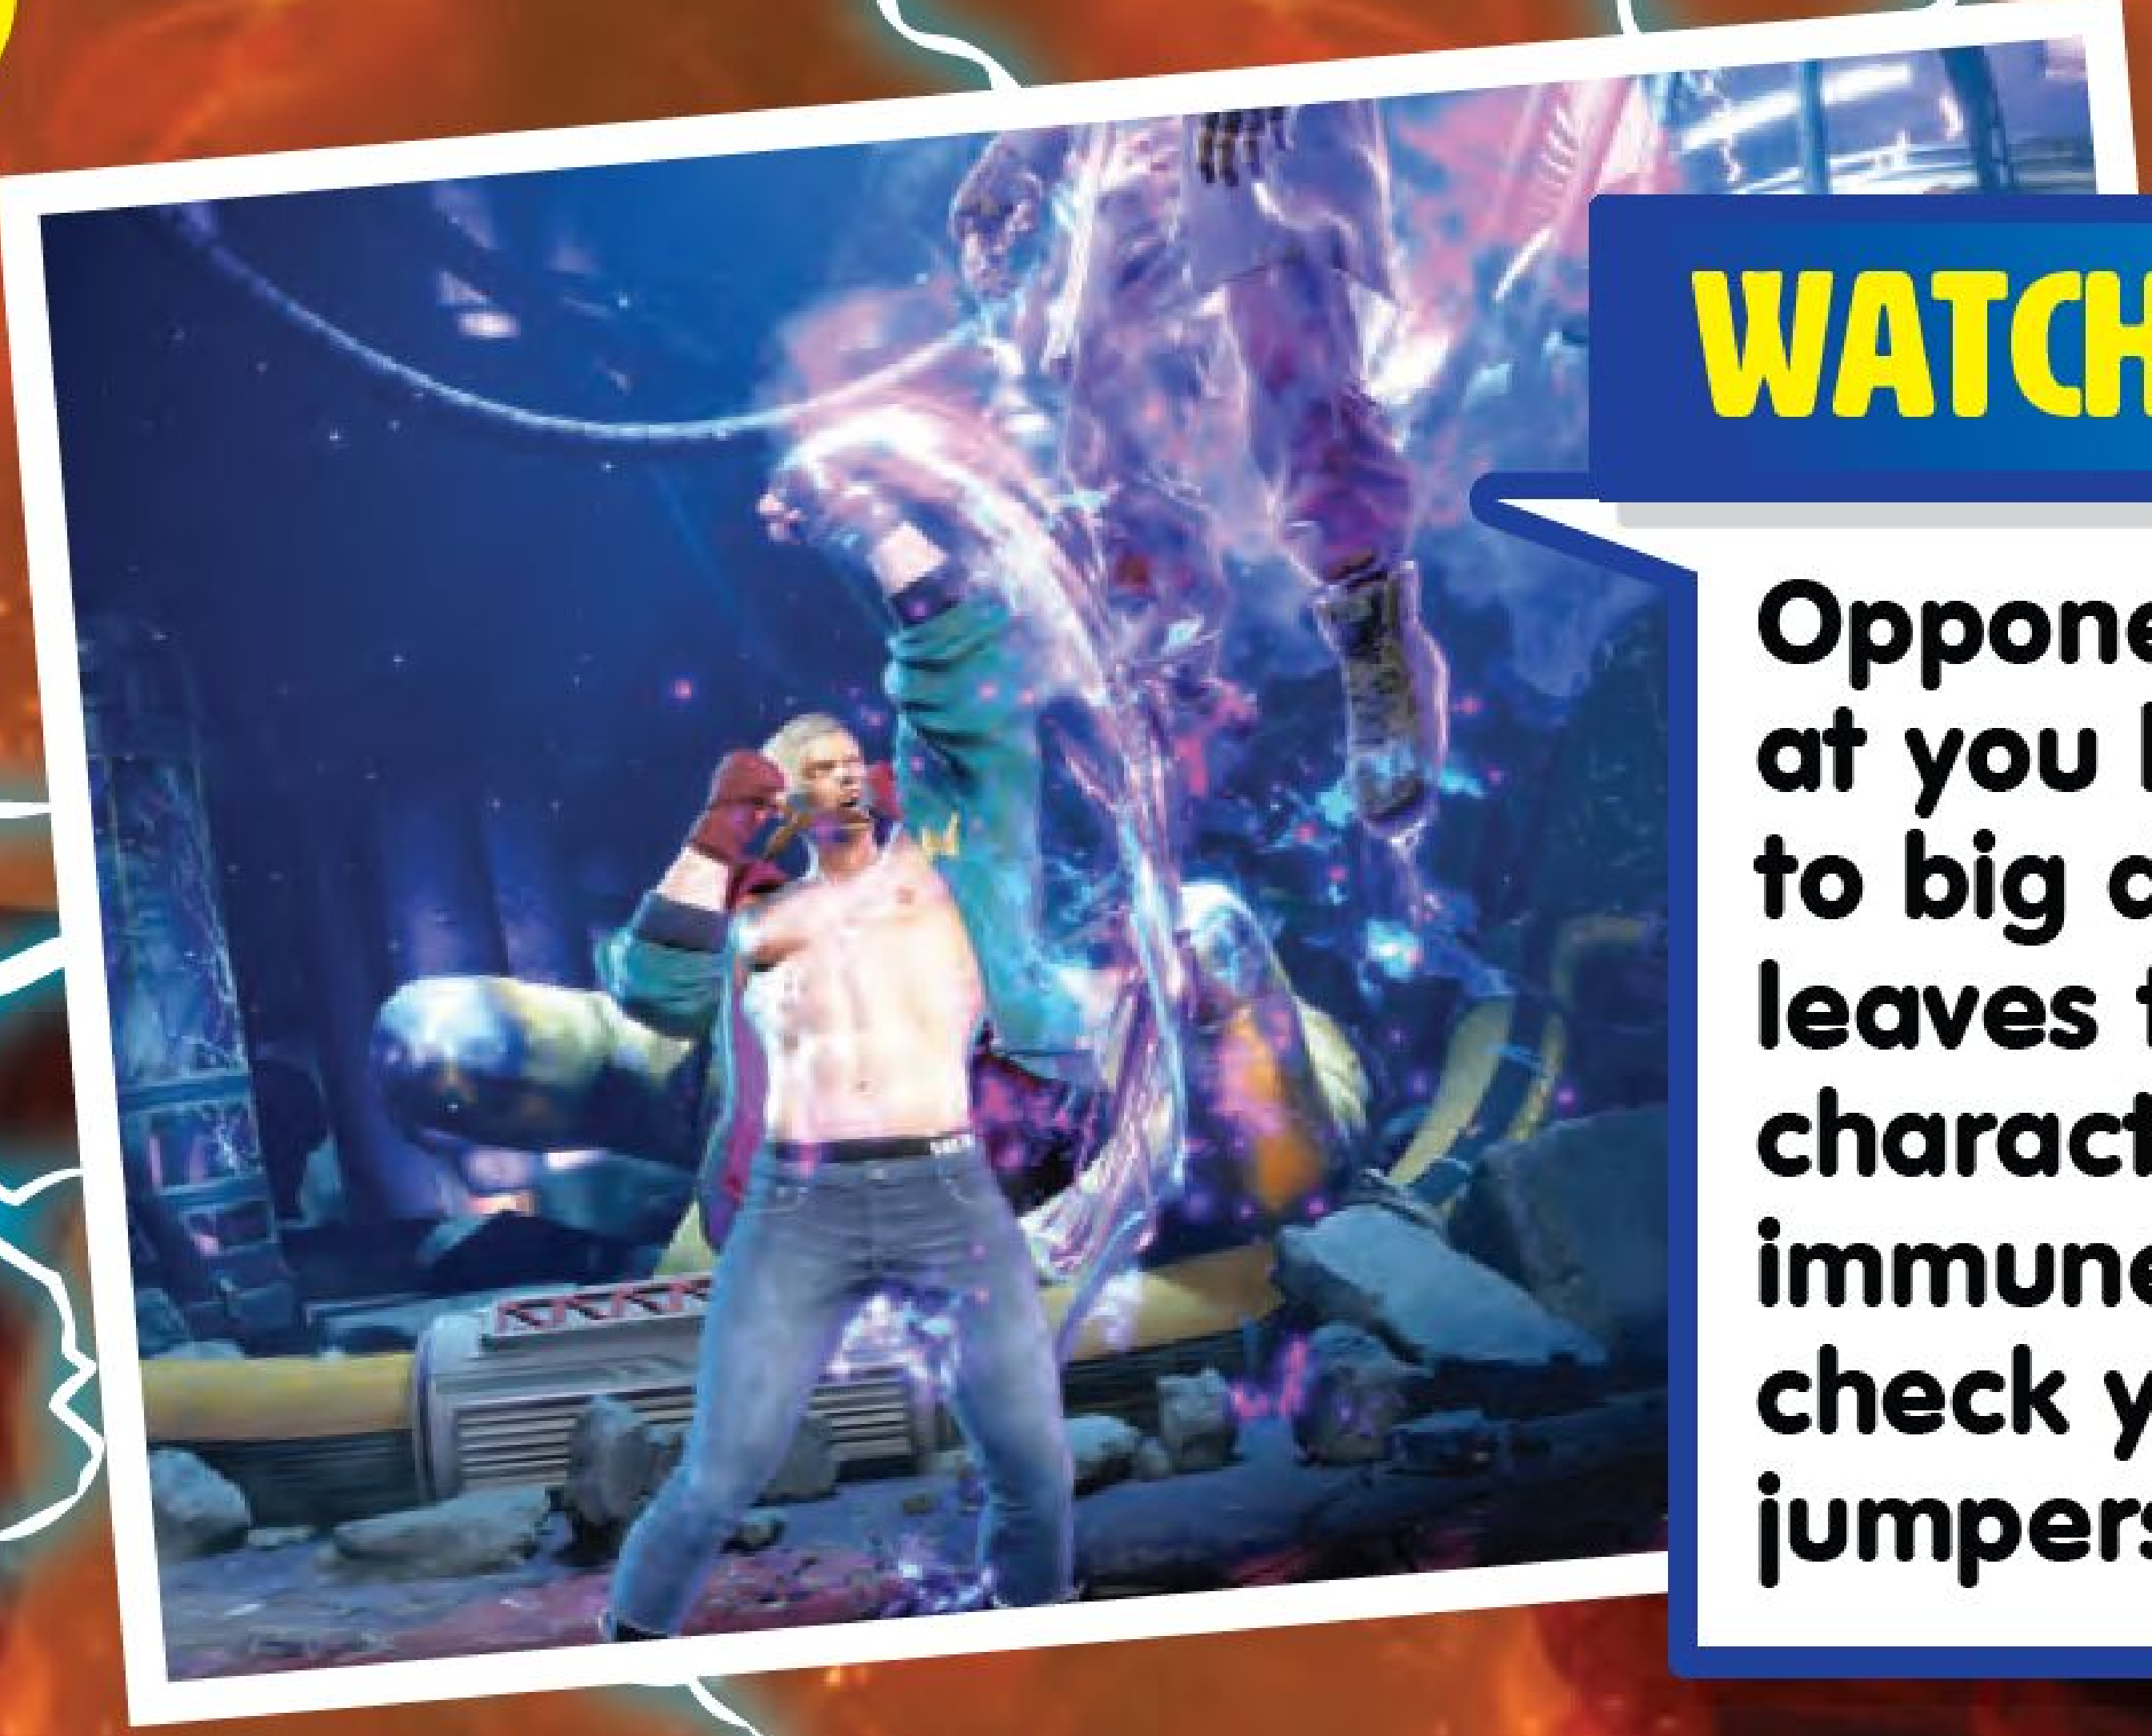
HOW TO PLAY

FIGHTING GAMES

LEARN HOW TO GO FROM BUTTON MASHER TO BEAT-'EM-UP MASTER!

BLOCK, BLOCK, BLOCK!

It's not always the coolest option, but blocking wins battles! Most of the time blocking an opponent's move means their turn is over and they won't have time to block your counterattack!



WATCH THE SKIES!

Opponents love to jump at you because it can lead to big damage, but it also leaves them vulnerable! Most characters have moves that are immune to jumping attacks, so check your move list and bop jumpers out of the sky!

FIND YOUR FAVES!

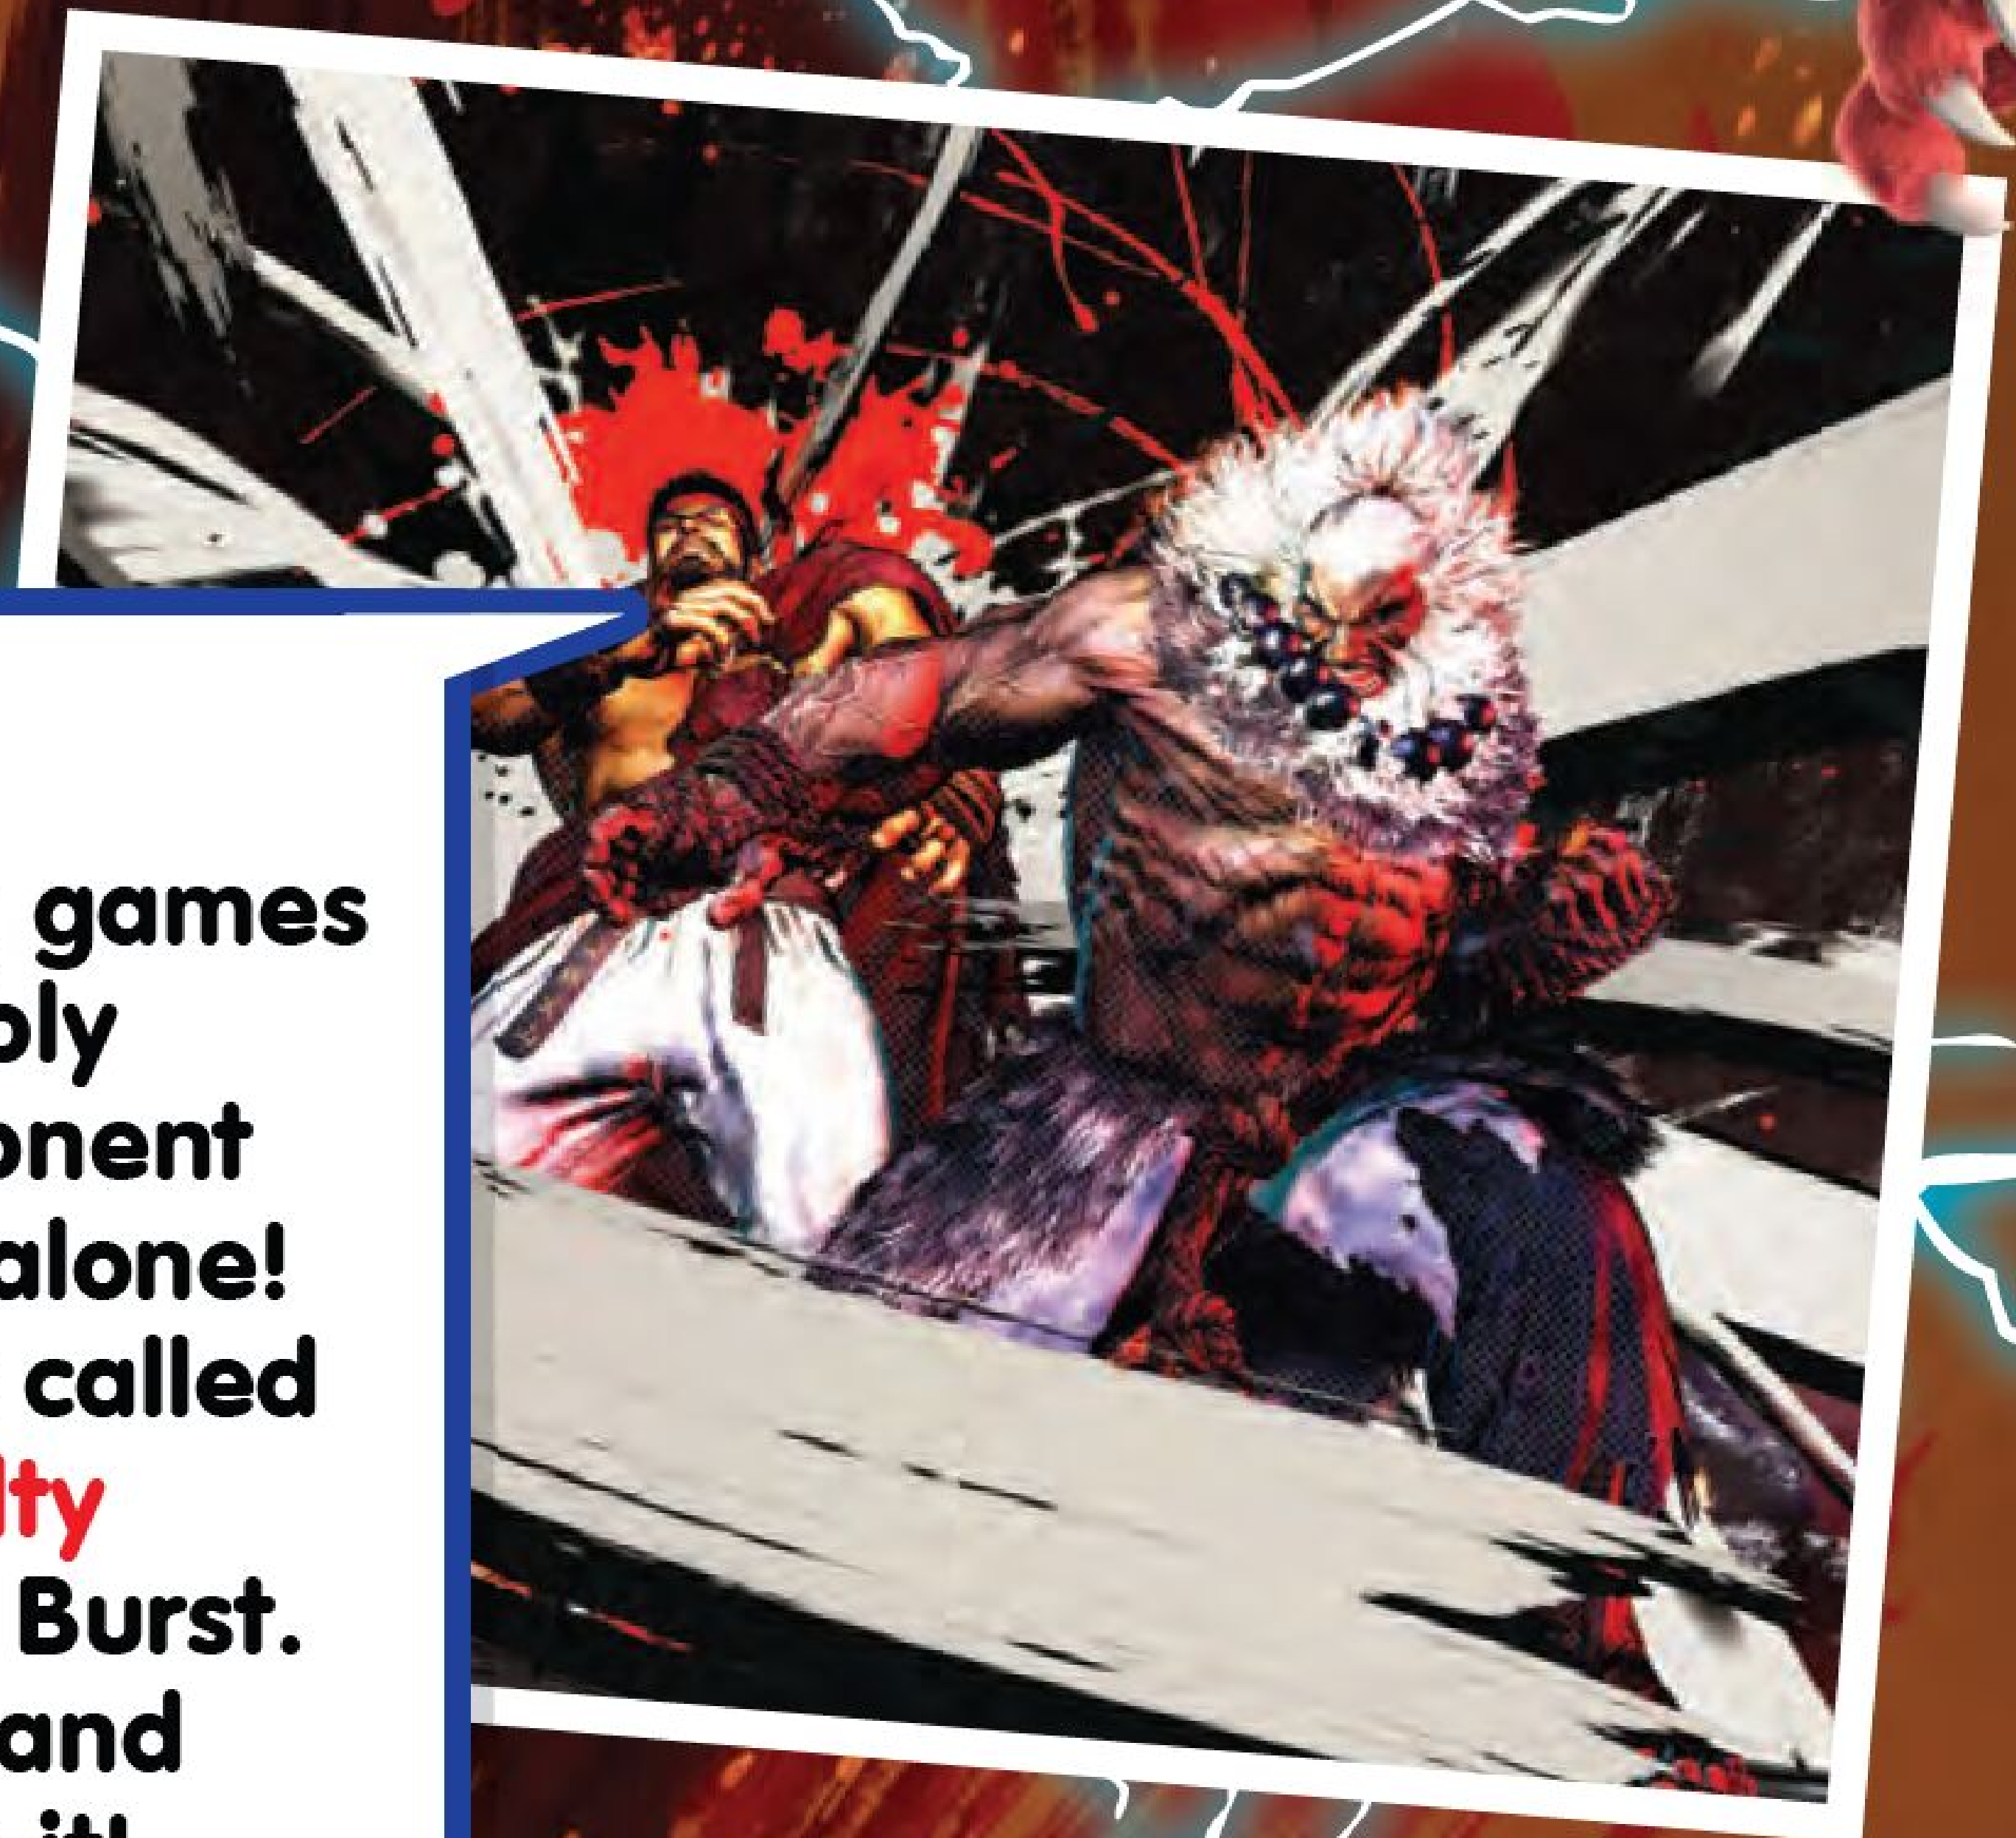
Don't try to learn every character in the game! It's better to pick your favourite character and learn everything about them. Plus, if you really like a character, you'll have more fun playing the game!

GRAPPLING GUESTS

LOVE THE CHARACTERS BUT NOT THE GAMEPLAY? FIND YOUR FAVOURITE FIGHTING STARS IN THESE OTHER GAMES!

FORTNITE

Heroes from **Street Fighter** can be found boarding the Battle Bus!



GET OFF ME!

Most modern fighting games have a way of invincibly pushing back an opponent that won't leave you alone! In **Street Fighter 6** it's called Drive Reversal, in **Guilty Gear Strive** it's called Burst. Whatever it is, find it and don't be afraid to use it!

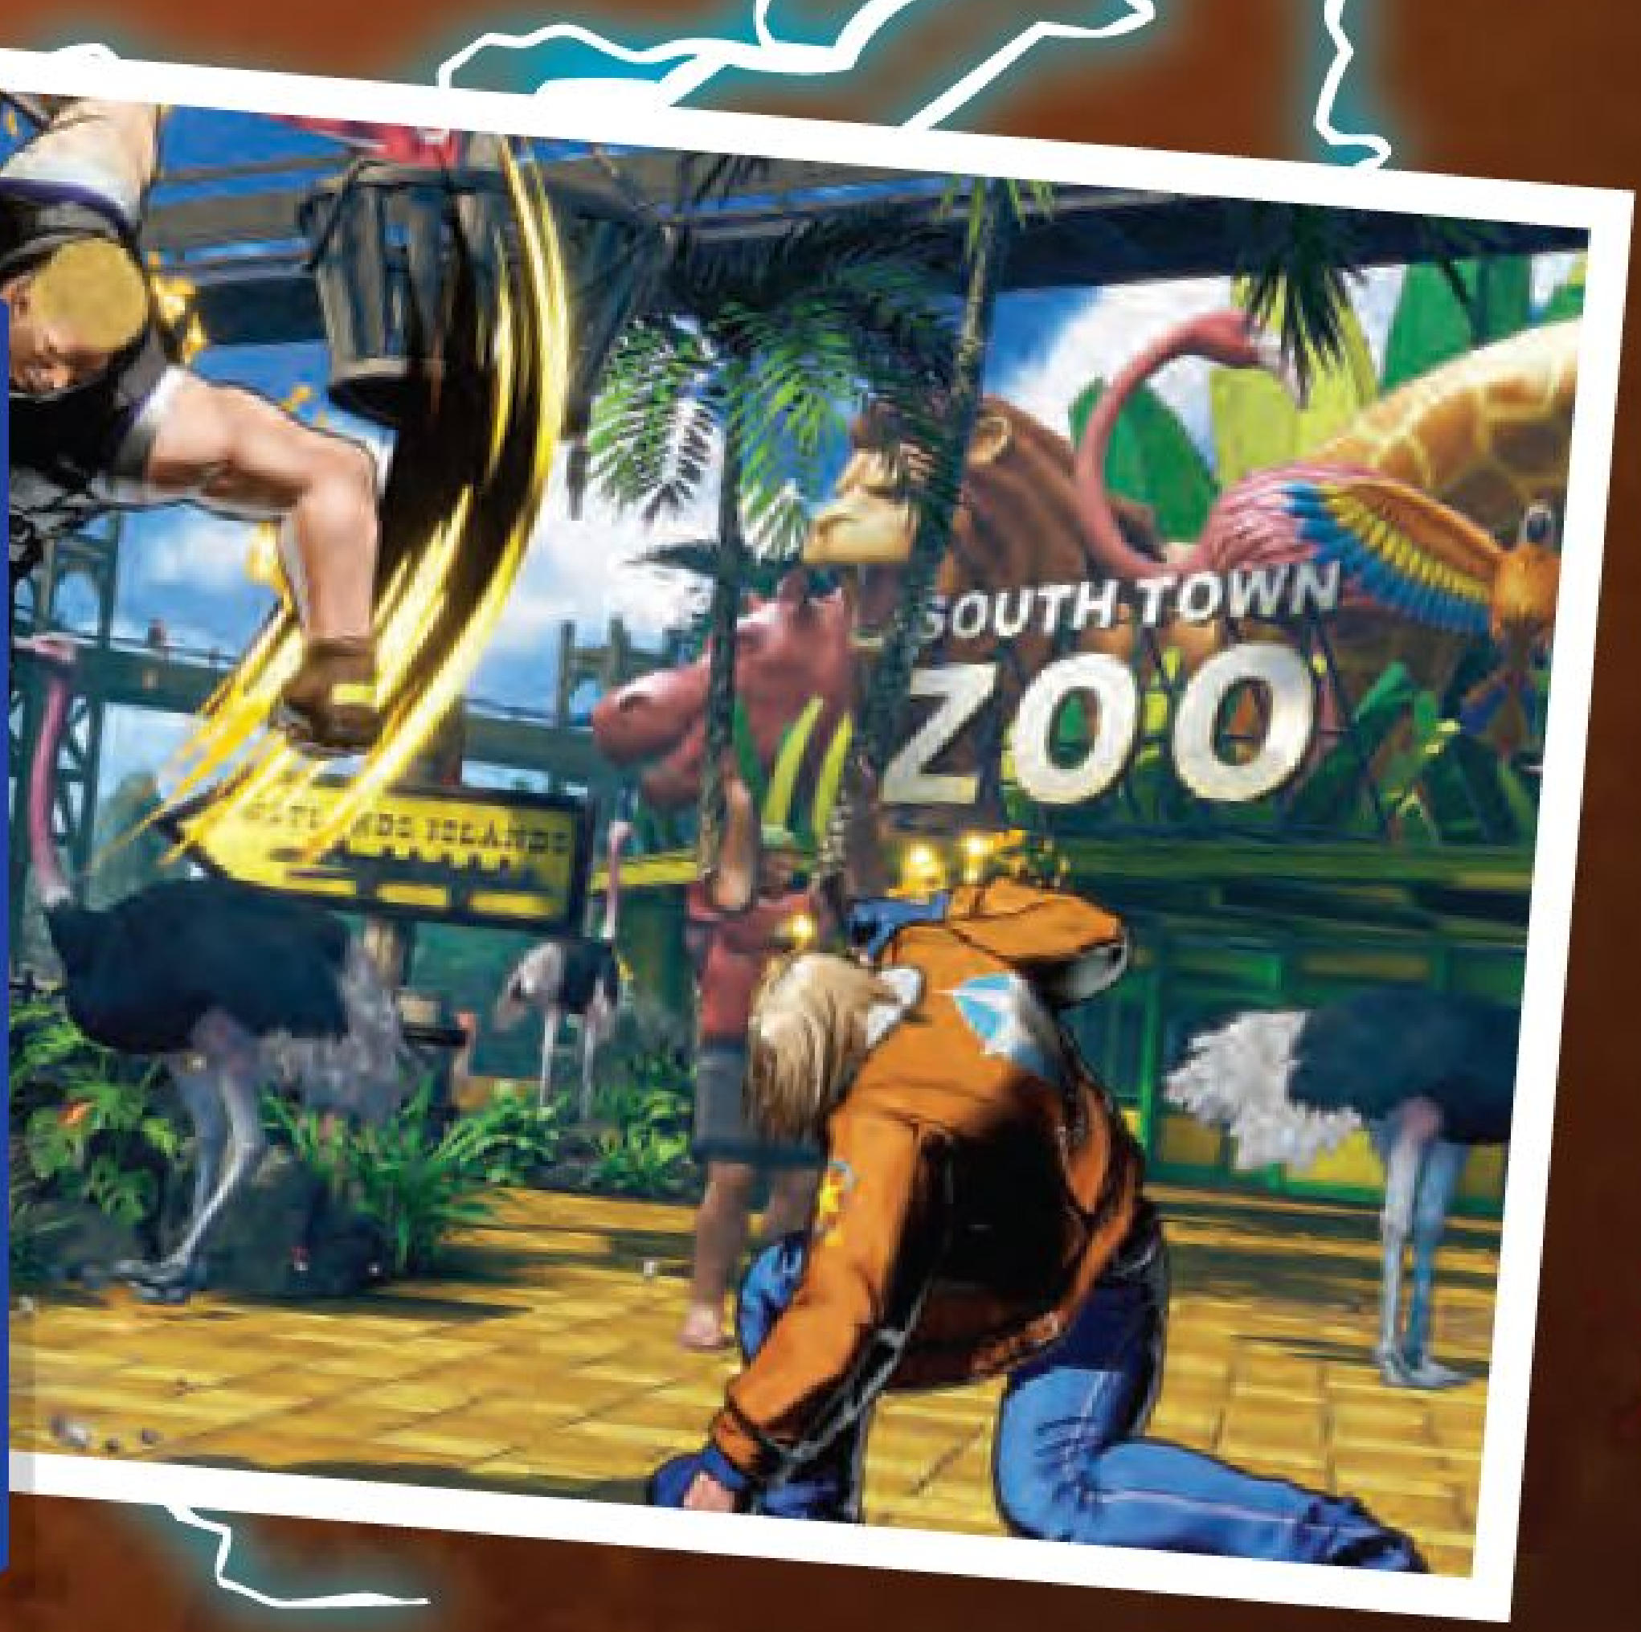
RANKED ISN'T SCARY!

In some types of games, ranked is where the 'serious' players find each other. In fighting games, Ranked is there to help you find players of the same skill level as you. New players always fight new players, no getting stomped by pros here!



DON'T BUTTON MASH!

Just like the tortoise and the hare, slow and steady wins the race! Hitting the right buttons at the right time will always win out over hitting buttons randomly and quickly!

GAMES TO TRY:

- POKKÉN TOURNAMENT DX
- STREET FIGHTER 6
- SUPER SMASH BROS. ULTIMATE
